BEFORE STARTING

We advise the fitting of our canopy and pendants to be performed by a qualified electrician. Please read through these instructions before commencing work, and keep them for future reference. Please take extreme care when carrying out these instructions.

IMPORTANT

This light fitting must be connected to the supply earth. If your lighting circuit does not have an earth, ask a qualified electrician to provide an earth facility. This light fitting is suitable for indoor use only. This fitting operates on 120V mains voltage. Please visit our website to see our recommended dimmers.

WARNING

Always switch off electricity supply at the mains during installation and maintenance. We recommend that the fuse is withdrawn or the circuit breaker is switched off whilst work is in progress. Do not just turn off at the wall switch. All fittings must be installed in accordance with current NFPA 70, National Electrical Code (NEC).

RECOMMENDED EQUIPMENT
