WEARABLE User Manual WS-2355

DUO TALK SMART WATCH

Thank you for purchasing the **Sami Wearable** WS-2355. Read the instructions carefully to obtain optimum results and preserve it for future reference. Sami has developed wearable devices since 2015 and we use the best components possible for the product.

DESCRIPTION OF THE WEARABLE

This device is a smart watch that supports Bluetooth talking phone calls

CONTENTS

Wearable, USB charging cable, instruction manual.

CHARGING

Connect the device to a computer or laptop with the USB charging cable for charging. Put in contact the charging case of the charger with the charging points positioned in the back of your device. Kindly use only the USB cable included with the wearable. If you use a power adapter for charging, the output of the power adapter should be 5V, 1A. Charging time: 2-3 hours. Please charge the device fully before using it. Make sure you put the case of the charger cable in the right direction.

HOW TO POWER ON / POWER OFF?

- 1) To turn ON the smart band, long press the Power On/Off button for a few seconds. The power ON/OFF button is situated on the right side of the device.
- 2) To turn OFF the smart band, long press the Power On/Off button for a few seconds to enter in the power off interface, select "Yes" to power off your device.

HOW TO CONTROL?

- 1) On the display screen (touchscreen), short tap the touchscreen to select; tap and slide left/right/up/down to change between the different menu pages. Long press in

the main screen of your device to select between the different digital watches. Slide and select in the one that you desire to set.

- 2) Slide from the top side to the bottom to enter in the shortcut menu.
- 3) Slide from the right side to the left side to display the different functions or submenus.
- 4) Short press the Power On/Off button to return. Long press the Power On/Off Button to make it Power On/Off.
- 5) If you are in a submenu slide from the left side to the right side to go back.
- 6) Short tap in the screen to light it on.

GETTING STARTED:

- For Android

- 1) How to obtain the BT Connection APK (**V BAND**)

Search for the **V BAND** in the Google Play Store; download it and install it in your Android smartphone, or go to our **website** www.sami.es and download the application.

- 2) Installation of the **V BAND** APK.

When installing the **V BAND** application on your Android, you must allow all the Application Permissions, allow this **V BAND** app auto run.

The first time you run this **V BAND**, it will ask you to Enable Notifications, please tap OK and tap the **V BAND** and confirm OK. You must tap OK/Allow/Pair/Yes/Confirm for any pop-up request. On your Android permission management, allow all application permissions.

- 3) How to make the wearable pair with your Android smart phone?

*First, turn on the Bluetooth of your smart watch: in the home screen of the smart watch, slide from top to bottom to enter in the shortcut menu → tap the Bluetooth music icon  to turn it on.

* Second, turn on the Bluetooth of your Phone.

*Third, run the **V BAND** app on your Phone, on the home page of **V BAND**, select the “**Device**” icon which is on the bottom centre of the interface → tap **+Add Device** and then the APP will search for Bluetooth device(s), when the available Bluetooth device displays, please select **T10orWS-2355** (the BT name of this device) to make it pair. The pairing will be finished in few seconds. When you finish select OK/Confirm/Allow/Pair for any pop-up request.

*Fourth, at your Android smartphone's settings → Bluetooth, select **T10 AUDIO** or **WS-2355 AUDIO** (the BT name of this device) to make it pair.

Note: This device builds in dual Bluetooth connectivity. If this step is not finished, the smart watch will not receive phone calls and the music player will not work. In your Bluetooth smart phone settings interface should be displayed both **T10orWS-2355** and **T10 AUDIO** and **WS-2355 AUDIO CONNECTED**.

* Now you can start using your desired functions of the smart watch.

Important: To enable all notifications of different software's such as WhatsApp, Facebook, Skype, Twitter, you may need to turn on the notifications on the APP manually. On the home page of **V BAND**, select the “**DEVICE**” icon situated in the bottom centre of the screen, → and select “**Message Reminder**”, → select “**Open all**” to turn on all the notifications available, or turn on one by one the APP notifications you want to active.

NOTE: For Android smart phone, in order to achieve all of the functions which are supported by the **V BAND** app, you must allow the **V BAND** app runs in background, you must tap OK/Confirm/Allow/Yes for any of the pop-up request at the 1st time of running of the **V BAND** APK/APP. And it may ask you to

turn on the **V BAND**app in the Android smart phone's Accessibility: go to the settings of the smartphone→Accessibility→ find the **V BAND**app and turn it on.

- For iPhone

1) How to obtain the BT Connection APP? (**V BAND**)

On iPhone, please go to APP Store and search **V BAND**and install the app. When installing the **V BAND**application on your iPhone, you must tap OK/Allow/Pair/Yes/Confirm for any pop-up requests, and allow the Background App Refresh.

2) How to make the wearable pair with your iPhone?

*First, turn on the Bluetooth of your smart watch: in the home screen of the smart watch, slide from top to bottom to enter in the shortcut menu → tap the Bluetooth music icon  to turn it on.

*Second, turn on the Bluetooth of your iPhone.

*Third, run the **V BAND**app on your iPhone, on the home page of **V BAND**, select the“**Device**” icon which is on the bottom centre of the interface→ tap **+Add Device**and then the APP will search for Bluetooth device(s), when the available Bluetooth device displays, please tap **T10orWS-2355** (the BT name of this device) to make it pair. The pairing will be finished in few seconds. When you finish select OK/Confirm/Allow/Pair for any pop-up request.

*Fourth, at your iPhone's settings →Bluetooth, select **T10 AUDIO** or **WS-2355 AUDIO** (the BT name of this device) to make it pair.

Note: This device builds in dual Bluetooth connectivity. If this step is not finished, the smart watch will not receive phone calls and the music player will not work. In your Bluetooth smart phone settings interface should be displayed both **T10orWS-2355 and T10 AUDIO** or **WS-2355 AUDIO CONNECTED**.

* Now you can start using your desired functions of the smart watch.

Important: To enable all notifications of different software's such as WhatsApp, Facebook, Skype, Twitter, you may need to turn on the notifications on the APP manually. On the home page of **V BAND**, select the **"DEVICE"** icon situated in the bottom centre of the screen, → and select **"Message Reminder"**, → select **"Open all"** to turn on all the notifications available, or turn on one by one the APP notifications you want to active.

DISCONNECTING (UNPAIRING) YOUR SMARTWATCH

On the homepage of **V Band** select the **"Device"** icon which is situated in the bottom centre of the interface → tap **"Unpair"** and confirm to make it unpair → at the **Settings** of your smart phone, enter in the Bluetooth settings, tap on the forget option of both **"T10 or WS-2355"** and **"T10 Talk or WS-2355 Talk"**. Now the Bluetooth pairing between the smart watch and your smart phone is disconnected completely.
