

SB6

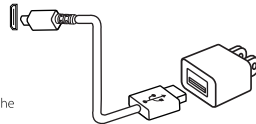

## Music Light Box

User Manual

## Charging the Speaker

The speaker works on an internal rechargeable lithium battery.  
Please charge your speaker fully before first use.

- 1) Insert the small connector of the supplied micro-USB cable into the micro-USB charging port on the side of the speaker.
- 2) Insert the large connector into the USB port of your charging device.
- 3) The LED indicator will turn RED while charging and turn OFF when fully charged.
- 4) Disconnect the USB cable when it is fully charged.

## Bluetooth Operation

- 1) Slide the power switch to the ON position.
- 2) A tone will be heard and the speaker will enter Bluetooth pairing mode or re-pair to a previously-paired device.
- 3) A tone will be heard and the Bluetooth LED indicator will quickly flash BLUE.
- 4) Set your mobile device to search for Bluetooth devices, when it appears, select "Bluestone SB6" from the list of found devices. (You device will pair without a password but if required enter 0000 to finalize the pairing.)
- 5) Once successfully paired, a tone will be heard and the Bluetooth LED indicator will slowly flash Blue.
- 6) Start playing music on your device. Keep Your device within 10 meters of your speaker.
- 7) Turn the speaker off when not in use by sliding the switch to the OFF Position.

## Light Operation

- 1) Quick press the [⊕] button to cycle through the speaker light modes. (White, Flashing RGB, Slow Transition RGB, RGB response to the music.)
- 2) Quick press the [⊗] button five times to turn off the LED light.
