THE GEORGE
GILDER REPORT

STEP 1

Know What You're Getting

There are two main components to your subscription...

Monthly Newsletter: This is our flagship newsletter — one of the only places in the world to receive George Gilder's insights, ideas, and research. Each monthly issue will include at least one new stock recommendation.

Weekly Updates: These brief updates will cover news about stocks in our portfolio or the market in general.

You will receive all newsletters and updates in your email inbox. We also post them on our website. If you signed up for printed issues, you'll also get the monthly newsletter in the mail. Go into your email inbox and add CustomerService@Members.ThreeFoundersPublishing.com to your contact list. This ensures our emails don't go to your junk box!
