Best speaker placement for my sound bar?

For the best sound experience, position the sound bar and subwoofer as shown. The sound bar should be close to ear level.

If the subwoofer is too deep or lacking impact, adjust the **Subwoofer level** with your remote control or try various placements.

How do I adjust sound settings and levels?

Using the included remote, you can easily adjust many different sound settings and levels to optimize your listening experience, including EQ modes, bass level, subwoofer level, and more. See the User Manual for more mode and level settings.

Push a **setting** button to turn feature on/off.

Push a **setting** button and then use the Left/Right buttons to change each setting level.

How do I connect to Bluetooth®?

Easily connect your Bluetooth device to your sound bar:

1. **Press and hold the Bluetooth button**  on the sound bar or remote control for three (3) seconds.
2. **Search for the sound bar (V214x)** using your Bluetooth device.
