- IP44, perfectly suited for your bathroom

Sustainable light solutions

- Philips offers a 5-year warranty on the LED module and driver
- Energy saving
- Long operating life of up to 25 years

PHILIPS

Highlights

True skin colour

This Philips bathroom light makes colours reflect in a natural and accurate way, just the way the sun would do.

5-year warranty on LED system

On top of the standard 2-year warranty for this lamp, Philips offers a 5-year warranty on the LED system, meaning the LED module and the driver in this lamp.

Energy saving

This Philips energy-saving lamp conserves energy compared with traditional light sources, helping you

to save money on your electricity bills and do your bit for the environment.

IP44 - bathroom-safe

This Philips bathroom light is especially designed for humid environments. It was tested rigorously to ensure its water resistance. The IP level is described by two figures: the first one refers to the protection level against dust, the second against water. This bathroom light is designed with IP44: it is protected against splashing water. This product is most commonly used and ideal for the bathroom.

Long operating life

A light source you can trust. The LED bulb, delivered with this Philips LED lamp, will last up to 25,000 hours (which equals 25 years on the basis of an average use of 3 hours/day with at least of 13,000 on/off switching cycles). It feels so good to think that you won't have to worry about maintenance or light bulb replacement while having the perfect light ambience in your home.

High-quality materials

This lamp is sculpted from layered patterns of high-quality materials with superior finishing. This ensures a solid and long lasting product that will enhance your home for many years to come.
