Eabud (L)

Single Earbud Mode: When the main earbud (R) and the secondary earbud (L) are not connected, taking out one of any of the earbuds separately from the charging case. The earbud prompts "turn on" , then for 3 seconds, the blue light flashes—the red and blue lights flash alternately, open the mobile phone Bluetooth function, search for the Bluetooth device and click connect, the "Bluetooth Connected " will be displayed in the upper right corner of the phone screen, and the earbud will prompt "Connected" , or the manual operation of a single earbud will repeat the above operation.

Remark: Single use

Main earbuds(R) Bluetooth name: T7

secondary earbud (L) Bluetooth name: T7 L

Repeated use: the earbuds has been connected with the mobile phone--- open the phone Bluetooth, and take out the two earbuds from the charging case, without any operation, it will connect with the phone automatically. If you use a different phone, you need to follow the steps in the instructions for use.

Special Note:The two earbuds are well paired before packaged, but if they can not paired well due to some wrong operations, please do as following steps to re-pair the earbuds. Power off the two earbuds, then press the button of the two earbuds at same time and do not release for about 10s, blue lights sparkled ----> red and blue lights sparkled alternatively ---> release --->two earbuds are in the situation of paired, and they are ready for phone searching.

Note: This operation also clears the team record between the phone and the earbuds, so you need to delete the Bluetooth pairing record before the phone and then search for the connection again.

Care and maintenance:

① To avoid any mis-operation caused by collision put the earbud in charging case before put in your pocket

② Do not use an abrasive cleaner to clean the Bluetooth earbuds.

③ Do not expose the Bluetooth earbuds to excessive temperature.

④ Do not expose the earbud under the blazing sun for a long time

Safety guidance:

① please use the standard 5V charger (4.9-5.5V)

② Do not place the charging case and the Bluetooth earbuds next to the flammable explosives.

③ Do not disassemble the charging case and Bluetooth earbuds, or insert other items into the product to avoid damage to the product or even cause harm to you.

Serious warning:

1.Do not use this product while charging. Please use the adapter specified by the manufacturer to charge the product.

2.Do not disassemble the built-in lithium battery.

3.Do not let the metal contact or short the electrode.

4.Do not touch or squeeze the battery to avoid Place in a humid or hot (>60 ° C) environment.

Low voice	Not wear earbuds correctly	Adjust the position of earbuds
Can not hear the music	The phone doesn't support	Need a phone support BT stereo

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

Changes or modifications to this unit not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

This device and its antenna(s) must not be co-located or operation in conjunction with any other antenna or transmitter.

Radiation Exposure Statement

The device has been evaluated to meet general RF exposure requirement. in portable exposure condition without restriction.
