

EPIC CREATIVITY 12-PIECE

PLAY COUCH

Thank you for your purchase - we are so happy to have you join our Epic Kidz play couch family!

Follow us on **Facebook** (@epickidzplay) and **Instagram** (@epickidz_play) for giveaways, build ideas, new product alerts, promotions & more. We give away free products each month - tag us for a chance to win!

We unboxed! Now what?

Depending on how long your play couch has been in the box, it may take up to two weeks for the foam pieces to decompress and regain their full shape and firmness. It is also normal for the microsuede covers to be wrinkled when unboxed. The wrinkles will smooth out with use, or using steam will take them out right away.

If ever there are any foam pieces that are taking longer than a few days to expand (this is very rare), we suggest trying the following:

1. Remove the covers and liners and lay the foam out (not stacking pieces) overnight. A room that no kids or pets can access is ideal.
2. If any spots still look a bit squished or "wrinkly", try the blowdryer. To be performed by an adult only of course! Use medium to high heat (not touching the foam directly but coming close) to blast air into the affected area. Watch the magic happen before your eyes.

WHAT'S INSIDE

12 FOAM PIECES

This is our play couch with the most number of pieces, and the most configurations.

WATERPROOF LINERS

Spills and messes happen, so liners come included.

COVERS

Luxury microsuede covers that are durable and ultra-soft.

CertiPUR-US® foam

Your family's health and safety are our priority. That is why our foam is:

- * Made without ozone depleters
- * Made without PBDEs, TDCPP, or TCEP ("Tris") flame retardants
- * Made without mercury, lead, and other heavy metals
- * Made without formaldehyde
- * Made without phthalates regulated by the CPSC
- * Low VOC (Volatile Organic Compound) emissions for indoor air quality (less than 0.5 parts per million)
- * No chlorofluorocarbons (CFCs)
- * Performance, durability, emissions and content-tested

Our foam is firm enough for sturdy builds, yet soft enough to be comfortable.

Foam density: 1.87lb/ft³ @ 60 ILD

Luxury microsuede Covers

We suggest washing your covers before use if they are midnight blue, especially if you have light coloured rugs. This will prevent any colour transfer from occurring. Machine wash cold, gentle cycle, separately. Hang or lay to dry. The washing instructions can be found on the inside of the microsuede covers. No need to wash the waterproof liners though!

Our luxury microsuede covers are very easy to wipe off with a wet cloth if small messes happen. When they do need to be washed, they are much easier to slip back on with the waterproof liners (trust us, cover changes without liners are BRUTAL!)

Have any questions/concerns?

Feel free to contact us by email at hello@epickidzplay.com. We will personally get back to you ASAP.
