HOW TO MEASURE BY MATCHING YOUR CURRENT RING

Select a ring you already own that perfectly fits the finger on which you will wear the Judith Ripka ring.

Align your ring with the circle below to find your match. The inner edge of your ring should align with the outer edge of the circle.

If your ring is between two sizes, we recommend choosing the larger size.

MEASURE YOUR FINGER WITH PAPER SIZER

Cut along the outline of the sizer and make a small slit on the line to the left end of the sizer.

Wrap the sizer around the finger you want to measure and place the numbers facing out.

Move the sizer to the larger part of the finger and pull tight. The sizer should fit snug for accurate size.

The number that lines up with the slit is the ring size for that finger.
