

AIVA™ Quick Start Guide

Dual Sonic Precision Facial Hair Remover & Eyebrow Trimmer

A Closer Look

Charging

BEFORE FIRST USE

AIVA is cordless and rechargeable. Before use, fully charge for 8 hours, even if the indicator light has changed color. AIVA can run up to 80 minutes on a single charge.

CHARGING

To recharge, insert the included USB Cord into the port on the side of the AIVA. Then connect the USB end of the charging cord to a USB port of a computer or a USB wall adapter and then plug into an electrical outlet. As the AIVA charges a tiny red light will come on to indicate charging is in progress, and it will turn green once your device is fully charged. Please be sure to allow the AIVA to charge for the full 8 hours; even if the charging light comes off, allow it to charge for the full 8 hours. Recharge the AIVA only as needed and up to 8 hours only. DO NOT overcharge which can shorten the battery life. Disconnect the Charging Cord when not charging the device. AIVA should be powered OFF and cannot be used while charging. Do not charge AIVA for more than 24 hours.

POWERING OFF AND ON

Slide the switch of AIVA in one of two directions to start either Side 1 or Side 2.

Usage Guide

READY TO USE:

Once you have assured of the full charge of your AIVA device you can proceed with your treatment.

1. Remove one of the protection caps at a time when ready to use.
2. Push the switch button in the direction of the Side you intend to use.

Note The LED light will light up automatically to facilitate precision trimming.

3. Apply the treatment tip to your skin lightly and move it slowly.
 - For eyebrow trimming, we recommend pulling the skin tight and moving the device in small, circular movements.
 - For facial hair removal we recommend using AIVA in light circular motions.

The sharp stainless steel precision blades of AIVA will deliver perfect hair removal close to your skin without causing any pulls, nicks, redness or irritation.

4. Place back the switch button into the middle position when finished with your eyebrow trimming or facial hair removal. Reinsert the protective cap for storage.

Usage Guide

EASY PEACH FUZZ / VELLUS HAIR REMOVAL:

Getting rid of the thin, vellus hair on your face will help to make your skin feel healthier, look more radiant, improve skincare absorption and ease makeup application for a flawless look.

Areas to target in particular are:

UPPER LIP

TEMPLE & SIDEBURN

CHEEK

CHIN

MAINTENANCE & CLEANING:

Never put the whole AIVA device under water.

In order to clean hair out of the trimming tips if needed, you may separate the very end of each tip by turning it slightly clockwise and pulling it away from the device. Do the opposite to replace it. These parts coming off can be brushed off or put under running water in order to be cleaned.

AIVA trimming tips can last up to a year. Replacement tips are available for purchase.

Expert Advice

SOME TIPS FOR A GREAT EYEBROW TRIMMING:

- If unsure what needs to go: feel your face and particularly your brow bone. This is the right location for your eyebrows - what needs to go is hair between your brows, on the temples, forehead, and close to the lids.
- Brush your eyebrows hair up prior to start trimming to get a better view of what you are working with.
- Hold your skin taut when trimming.
- Do not use a magnifying mirror as these can give you a misleading view. When it comes to eyebrows shaping, overall structure is more important.
- Take a step back, again and again, during the process of trimming your eyebrows to get an overall view.
- Take advantage of the other side of AIVA, the facial hair removal side, to remove the peach fuzz hair around your eyebrows, forehead and temples. This will help make your eyebrows look finished and beautiful.

TAKE AIVA WITH YOU WHEREVER YOU GO AND ON TRIPS:

We made AIVA no much bigger than your regular lipstick, USB rechargeable and travel-friendly (In-flight Safety Compliance) as its rechargeable NIMH battery is safe for travel in carry-on luggage or checked baggage (lithium-free).

Warnings & Warranty

BASIC SAFETY PRECAUTIONS.

When using electrical products, especially when children are present, basic safety precautions should always be taken. IF YOU THINK THE POWER IS OFF WHEN THE SWITCH IS OFF. YOU ARE WRONG. If the plug is in, the power is on. Unplug electrical appliances when you are not using them.

Warnings & Warranty

Warranty:

Your warranty is not effective unless you register the Product within 90 days of purchase. To register go online to www.warrantyspasciences.com and complete the information required for registration.

For a period of TWO (2) year from the date of purchase, Spa Sciences LP (the "Company") warrants the AIVA Skin Rejuvenation Face Massager & Skincare Infuser with Phototherapy System (the "Product") against damage, defects or failure resulting from ordinary consumer use under normal home conditions according to the instructions included with the Product (a "Covered Defect"). This warranty DOES NOT include damage, defects or failure caused by misuse or improper care of the Product; impact or insertion of foreign objects into or on the Product; application of harmful chemicals or abrasives to the Product; failure to follow manufacturer's instructions; normal wear and tear; alteration or overuse of the Product; or any professional or commercial use of the Product. If there is a Covered Defect during the two (2) years warranty period the Company agrees to exchange the Product with a new equivalent Product. This is the sole remedy available for breach of this limited warranty. Any claim for breach of this limited warranty must be commenced within two (2) years following the original purchase. This limited warranty applies only to a purchase of the Product from or an authorized reseller, is valid for the original end user of the Product only and cannot be transferred under any circumstances.

THE PROVISIONS OF THE FOREGOING WARRANTIES ARE IN LIEU OF ANY OTHER WARRANTY, WHETHER EXPRESS OR IMPLIED, WRITTEN OR ORAL (INCLUDING ANY WARRANTY OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE). IN NO EVENT SHALL THE COMPANY BE LIABLE FOR ANY SPECIAL, INCIDENTAL, CONSEQUENTIAL, PUNITIVE, OR INDIRECT DAMAGES BASED UPON ANY LEGAL THEORY. SOME STATES DO NOT ALLOW LIMITS ON WARRANTIES, OR ON REMEDIES FOR BREACH IN CERTAIN TRANSACTIONS. IF APPLICABLE LAW DOES NOT PERMIT THE DISCLAIMER OF IMPLIED WARRANTIES, THEN THE DURATION OF SUCH IMPLIED WARRANTIES, ARE EXPRESSLY LIMITED TO THE DURATION OF THE EXPRESS LIMITED WARRANTY SET FORTH HEREIN.
