Instructions for Installation and Care of Polaris Ranger Mini Cab Enclosure

PO-08RANGER-MCO1

Notice: Do not smoke inside the cab or expose the enclosure to direct flames. Cab is Flammable.

1. Be sure to read these instructions thoroughly before opening and installing the Polaris Ranger Cab Enclosure. The installation is best done when the temperature is 70 degrees F. or warmer.
2. Carefully open the carton and remove the rolled up Cab Enclosure on a large flat surface that is clean and free of dirt or other material that may soil or scratch the windows of the Cab.
3. It will help to unhook the hood prior to installing the cab enclosure
4. Check over the parts included in the carton with the parts list shown below:

Velcro Hook strips:	2 each	5" long
" "	6 each	10" long
" "	1 each	16" long
" "	1 each	40" long
Cab Enclosure	1 each	
5. Loosely drape the Cab Enclosure over the Ranger roll cage. Note the correct position for the 16" Velcro Hook strip on the underside of the front edge of the Ranger hood. **Clean the area with Isopropyl alcohol**, let dry and apply the Velcro hook strip. Then attach the Cab to the strip under the Hood. As shown in photo below:

6. Next raise the bed and place the 40" adhesive Velcro strip across the bottom rear of the cab, centered on the metal strip. Now pull down on the rear of the cab enclosure and affix to the Velcro. See Photo at top of next page:

7. Next place the two 10" adhesive Velcro strips on both sides of the rear window to match up with the corresponding tabs.
8. Note the position and install two 10" and one 5" hook and loop strips on the left side of the roll cage for the front window. Be certain to clean the surfaces before applying the adhesive hook strips! First, apply all three strips on one side of the roll cage and attach the unit. Next note the placement and install one 10" and three 5" hook and loop on the right side of the roll cage for the front window. Pull the window tightly toward the right side to minimize waviness or wrinkles in the front window and attach.

Cleaning and Storage Recommendations:

1. Before removing the Falcon Ridge for storage, make sure it is very clean in order to prevent scratching of the window panels. Clean with a soft rag or sponge using a mild liquid detergent soap and warm water solution. Never rub the windows with a dry cloth or rag! Let the Cab dry thoroughly before attempting to roll for storage.
2. It is important that the Cab be rolled up for storage rather than folding. Folding will cause damage to the windows!!! Carefully roll up the Cab similar to the way it was when it was packed at the factory. On a large, clean and flat surface, fold the doors over the rear panel first, then, interleave the top and windshield on top of the doors. Begin rolling the Cab into a roll approximately 8 inches in diameter. Put the rolled Cab back into the carton for storage at a normal room temperature. It is best not to expose the Cab to either extreme hot or cold temperatures when storing.
3. A special cleaner conditioner is available from Falcon Ridge that will greatly increase the service life of the Cab Enclosure. In addition, if additional hook and loop sets are needed, they can also be ordered.

Return Policy

If for any reason you choose to return this product it must be returned within **30 days from date item is received**. You **MUST** package the product exactly **as it was originally packaged from the factory to get a full refund for the product!**

The vinyl windows should never be folded when packaging in the box or for storage purposes. Lay all the windows on top of each other with the canvas folded in between and the paper (if available) on both sides of the windows.

All returned products will be inspected upon arrival at the production facility and must be in unused, factory new condition to receive refund - a 25% restocking fee will apply.

If ordered from Falcon Ridge please call at 606-845-7439 to gain a return authorization number, use our preferred shipping carrier (UPS) to return the item (unless the item is defective, you are responsible for paying the shipping to return the item.) **Any returns submitted to Falcon Ridge without a return authorization number will be charged a 20% restocking fee.** If ordered from one of Falcon Ridges many distributors', you must first call them and see what their return policy is. Once your item reaches our production facility, our customer satisfaction team will inspect your item to ensure unused, factory new condition. **NOTE: All windshields must be returned with the original protective film intact and not removed. Do NOT REMOVE if you have any intentions of returning the item. Refund/ replacement of a windshield will only be processed on items with original protective film or if the windshield is defective.**

Items must be properly packaged in the original shipping carton to protect them during transit and ensure your returned item arrives back factory fresh, and in new resalable condition (**any returned items that have been used, altered or damaged in any way will not be subject for a refund.**) All contents including instruction manuals, accessories, hardware, Velcro, etc. must be included in your return shipment. Only items in OEM factory new condition will be approved. Once returned items are received, credit will be issued to the original credit card/ payment method used for the purchase. Outbound shipping and return shipping cost will not be refunded. Please allow 4 to 6 weeks for your refund to be processed.
