TO CONNECT WIRED HEADSETS:

1. Make sure the Bluetooth microphones are off.

2. Hold the microphone cable above the arrow alignment mark.

3. Align with arrow on the adapter then click into place.

4. To remove, pull up on the spring-loaded cylindrical metal below the arrow on the cable.

MANUFACTURER'S LIMITED WARRANTY

Your Sales Receipt is required to validate & obtain warranty services.

Your Nighthawk is warranted against internal defects in material or workmanship. All of our earphones are warranted for 12 months. Hygiene restrictions prevent us from extending our limited warranty to wearable parts such as: Fin Ultra ear tips, earmolds, clear tubes & ear inserts.

The warranty is extended to the original purchaser only and does not cover the following:

- * Physical abuse
- * Damage from tugging or pulling
- * Crushing or smashing in any way, shape or form
- * Improper maintenance of unit
- * Frayed, torn or exposed wires

General misuse of the item such as: Excessive voltage, tampering with the unit or repairs attempted by someone other than the manufacturer will void the MANUFACTURER'S LIMITED WARRANTY.

The manufacturer reserves the right to evaluate & refuse warranty based on their evaluation. In order to obtain warranty services, proof of purchase must be returned along with the product.

For Returns Dept. & Return Authorization # Call Toll Free: (888) 372-1888.

After calling, send your return along with your name address & Return Authorization number to:

The pairing PTT button can be used as a transmit button to the external device.

**BTD BLUETOOTH ADAPTER
EP-BTD48EC**

USE WITH YOUR ALL YOUR FAVORITE WIRELESS EARBUD BRANDS.

Wireless Earbuds Not Included.

PAIRING INSTRUCTIONS:

1. Pairing Earbuds to the Bluetooth Radio Adapter (BTD). Attach the Bluetooth Adapter to the radio. Power up radio. Bluetooth adapter LED will flash blue/red. Now it's in pairing state. Power up your Bluetooth earbuds and put them into pairing state. When radio adapter LED is solid blue, pairing is complete. Power down the radio & earbuds. Check your personal earbud instructions for manual pairing.

2. Pairing BTR Bluetooth Remote Switch to Bluetooth Radio Adapter (BTD). With radio off, hold down the PTT button on the radio adapter making sure not to completely cover the LED. While holding down, turn on the radio at the same time until LED is flashing Blue/Red then release. Short press again then release. The LED will flash slow Blue/Red. Now the radio adapter is in pairing state. Next, press & hold the PTT button on the remote switch until LED is flashing Blue/Red then release. When LED on the radio adapter turns blue, pairing is complete. Now power up earbuds. Wait about 15 seconds for everything to link up. Now you are ready to transmit.

Next time you use the Air Pro Wireless, power up radio & earbuds. Earbuds will automatically link to the adapter. Press & hold the BTR PTT Button until LED appears, then release. The BTR will now link in about 10 seconds.

To pair additional earbuds, follow ***Manual Pairing** instructions in the "Notes".

NOTES:

- ▶ To power down BTR, press and hold the PTT button until LED turns RED. If all devices are powered off the remote switch will automatically power down in 5 minutes.
- ▶ If no LED appears on the BTR when trying to pair, connect the USB cable to charge for about 10 minutes, then try again. For all day use, BTR should charge for about 3.5 hours.
- ▶ If Bluetooth Radio Adapter (BTD) did not flash Blue/Red during start up, ***Manual Pairing** will be required. Hold down the pairing button on the adapter & turn radio on at the same time until Blue / Red LED appears. Then proceed to start from Step 1 to complete the pairing process.
- ▶ Earbuds can be activated from the pairing button on the BTD radio adapter as well.
- ▶ LED automatically shuts off after 15 seconds.
