Warm tips

NOTES:

When using headsets, the headsets shall be possibly close to the mobile phone, and cannot be too far away. Metal or other objects which will influence the wireless signal shall not be existed between the mobile phone and the headsets. The using effect of the headsets will be influenced if the headsets is used in strong signal such as large-power wireless wifi.

Above part-function depends on the support of different headsets devices to achieve. If different brands of headsets devices support different agreement, different menu function etc., the use and function of the headsets would be different

Warning:

- 1 .The headsets use a built-in rechargeable battery with non-removable. Don't attempt to remove the battery from the headsets, to avoid danger or damage the headsets.
2. Please use the original charging cable which provides by headsets manufacturer for charging, and choose USB port of computer or regular brand mobile phone charger which is in accord with 5V voltage, 100mAh-1A or less than 100 mAh- 1A current to charge. It will damage the headsets if you use over this voltage and current to charge.
3. Please follow the use regulations, due to improper use of the users cause damage to the headsets and the danger that shall be horned by the operator. Our company won't take any responsibility.

Handling of the Waste Electrical

This sign on the product or its literature indicates that it should not be disposed of with other household wastes at the end of its working life.

To prevent possible harm to the environment or human health from uncontrolled waste disposal, please separate this from other types of wastes and recycle it responsibly to promote the

sustainable reuse of material resources

Household user should contact either the retailer where they purchased this product or their local government

office, for details of where and how they can take this item for environmentally safe recycling. Business users should contact their supplier and check the terms and conditions of the purchase contract. This product should not be mixed with other commercial wastes for disposal.
