FEATURES & BENEFITS

COOK WITH CONFIDENCE

Our touchscreen interface provides an intuitive guided cooking experience that helps deliver perfect results, whether you've been cooking all your life or just starting out. Cook with a favorite method, a hero ingredient, or a go-to cooking function or recipe. The screen tilts for improved ergonomics and optimal visibility while cooking.

GENEROUS CAPACITY

Two independently operating cavities provide a large total

capacity of 4.8 cu. ft. in the main cavity and 2.1 cu. ft. in the secondary. That's enough room for a 32 lb turkey in one oven, and your sides in the other.

COOKING FLEXIBILITY

No matter what you're cooking, you've got the right heat to get perfect results. Each of the 15 oven functions in the main cavity and 11 in the secondary have been extensively researched and carefully designed to cater to a broad range of dishes and cooking styles. The handy food probe helps you monitor your progress.

COOKTOP POWER

Sealed dual flow burners deliver cooktop power up to 19,000 BTU for seriously fast boiling, and precise 140°F full surface, low temperature cooking with the gentlest of flames.

DESIGN QUALITY

This range has craftsmanship in every detail, with real stainless steel, cast-iron grates, and beautifully weighted, halo illuminated dials. Each cavity features incandescent lights and full extension telescopic racks. From the robust legs to the powerful cooktop, this Range is built to last.

EASY TO CLEAN

The oven features a self-cleaning function and self-clean proof side racks, which don't need to be removed when using this function.
