Projection Distance Reference

Projection size (under status of no keyframe content) (inch)	Screen length (inch)	Screen width (inch)	Screen height (inch)
40	107.92(26.7)	60.94(15.5)	33.86(8.6)
50	127.92(32.5)	73.15(18.5)	41.03(10.4)
60	147.92(37.5)	85.36(21.5)	48.20(12.2)
70	167.92(42.5)	97.57(24.7)	55.37(14.0)
80	187.92(47.5)	109.78(27.8)	62.54(15.8)
90	207.92(52.5)	121.99(31.0)	69.71(17.7)
100	227.92(57.5)	134.20(34.1)	76.88(19.5)

Note: Projection size and distance are calculated according to projection ratio, which may have a deviation and subject to actual data.

Cleaning Method

Please make sure the power plug is unplugged before cleaning.

1. Please use a soft, dry cotton cloth (if the screen is wet, you can use with soft cloth that soak with diluted neutral detergent). From the upper-left corner to the lower-right corner, please pay more attention to clean with chamomile bud.
2. Do not use alcohol, benzene or any other solvents to avoid quality reduction or causing peeling of ink.
3. Please do not use water directly on the front of the screen. Please use a soft cloth to wipe the screen. Please do not use vacuum cleaner with no connector, or hand clean with dirty cloth.
4. Please do not use moisture brush with nails or any other hard objects so as to avoid scratches.

Lens Cleaning

1. Clean lens with the same method for camera lens. Please use professional lens paper or blowing paper for the lens. Please use lens brush and lens cloth.
2. Do not use alcohol, benzene or any other solvents to avoid quality reduction or causing peeling of ink.
3. Please do not use water directly on the front of the screen. Please use a soft cloth to wipe the screen. Please do not use vacuum cleaner with no connector, or hand clean with dirty cloth.
4. Please do not use moisture brush with nails or any other hard objects so as to avoid scratches.

Disassembly and Reassembly

1. Do not disassemble the projector. If you need to disassemble the projector, please contact the manufacturer.
2. Please do not use moisture brush with nails or any other hard objects so as to avoid scratches.
3. Please do not use vacuum cleaner with no connector, or hand clean with dirty cloth.
4. Please do not use moisture brush with nails or any other hard objects so as to avoid scratches.

Warranty Card

1. We offer "Three guarantees" for this product. One year warranty for non-artificial damaged since warranty period to purchase receipt.

2. We can provide warranty service for any default caused by product technical reasons during warranty period.

3. Following situations are out of the range of guarantee:

- 1. Accidental cut of the main machine
- 2. Unauthorized disassembly and repair without our consent.
- 3. Damage that caused by external force and other natural disasters.

4. Please fill in name and contact your distributor where products have quality problem.

5. This warranty is limited to product maintenance during the warranty period, and other services.

Poisonous and Harmful Substances, Element Name and Content

Part name	Hazardous substances						
	Lead	Mercury	Cadmium	Chromium (hexavalent)	Polycyclic aromatic hydrocarbons	Phthalates	Flame Retardant
Case	○	○	○	○	○	○	○
Control Electronics	○	○	○	○	○	○	○
Circuit Board	○	○	○	○	○	○	○
Fan	○	○	○	○	○	○	○
Power Supply	○	○	○	○	○	○	○

○: Content of the hazardous substance is in homogeneous materials in the component is under the limit of 0.1% by weight.

○: Content of the hazardous substance exceeds the limit requirements specified by GB/T 17626-2006 in at least one homogeneous material of the components. The components labeled "○" may have no substitutable due to global technology development in the past, circuit board assembly, making printed circuit board and for components, electronic components, etc.

①: The number in the logo represents the maximum environmental service life of the product. Lifetime: 100,000 hours.

FCC Statement:

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

This equipment has been tested and found to comply with the limits for a Class B digital device, Pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

Caution: Any changes or modifications to this device not explicitly approved by manufacturer could void your authority to operate this equipment.

This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment. This equipment should be installed and operated with minimum distance 20cm between the radiator and your body.
