Made in China

Introduction

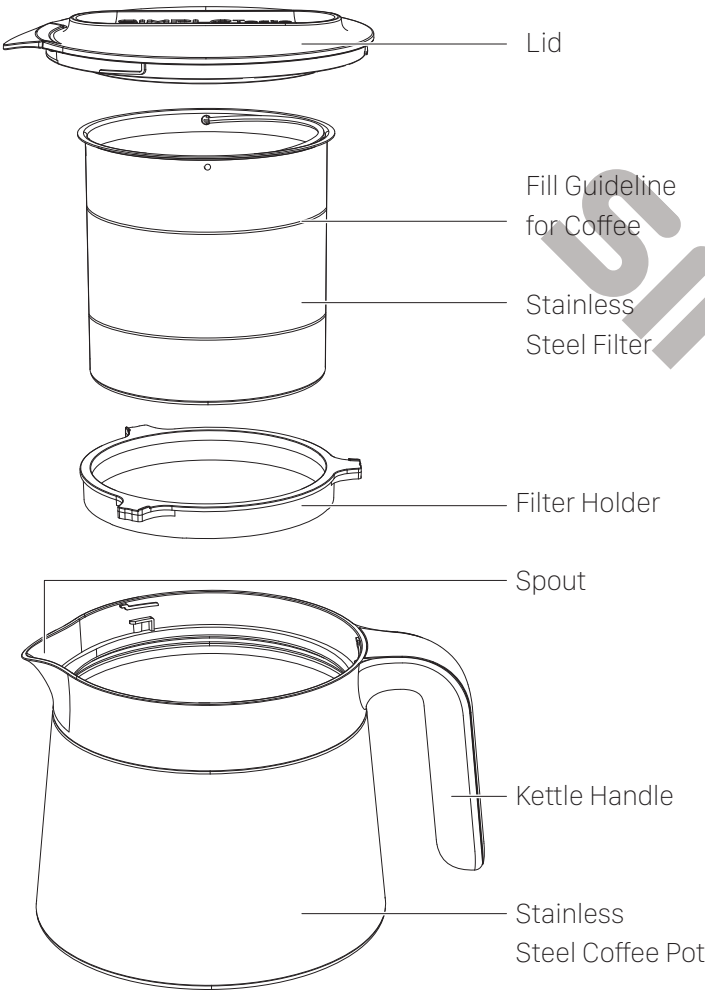

Thank you for purchasing SIMPLETASTE Cold Brew Coffee Maker. This instruction manual contains important information about safety, usage and disposal. Use the product as described and keep this manual for future reference. If you sell this cold brew coffee maker or pass it on, also give this manual to the new owner.

Safety Instructions When Using the Appliance

1. Close supervision is necessary when any appliance is used by or near children.
2. Do not operate any appliance after the appliance malfunctions, or has been damaged in any manner.
3. All parts must be properly assembled before use.
4. Do not use the Coffee Maker for other functions than it's intended use.
5. Do not use the Coffee Maker without lid properly closed.
6. Do not use the Coffee Maker with loose or weakened handle.
7. Do not clean the Coffee Maker with abrasive cleaners, steel wool, or other abrasive materials.
8. This product is designed for indoor household use only. It is not designed for commercial use.
9. Do not overfill the Coffee Maker.
10. Use only coarsely ground coffee.
11. Place the Coffee Maker on a nonslip surface.

IMPORTANT: Do not use this product on a hot gas or electric burner stove, or in a heated oven.

Product Description

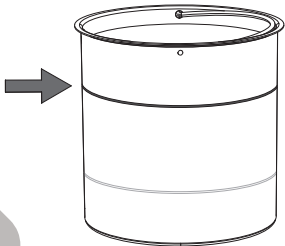

Included Items

- 1 x Cold Brew Coffee Maker
- 1 x User Manual
- 1 x Quick Start Guide

Introduction to Cold Brewing

The classic cold brew coffee brewing method uses ground coffee steeped in cold water over a period of 12-24 hours. This method produces a coffee that is smooth, rich, and less bitter.

Cold brewed tea is steeped in cold water over a period of 4-12 hours. A general guideline is 4-6 hours for green and white teas, and 8-12 hours for black and oolong teas.

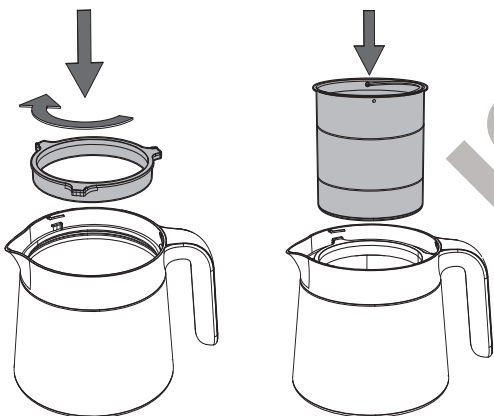

For best results, use only **coarsely ground coffee** or loose-leaf tea leaves. We suggest you use the chart below to determine how much coffee or tea to use. Or, use the coffee fill guideline on the filter (see at left) as a rough guide when making coffee.

Coffee and Tea Concentrate Dosage Guide		
Coarsely Ground coffee 9 oz (250 g)	+	Water 61 oz (1.8L)
Loose-leaf Tea 6 oz (180 g)		

Using the Cold Brew Coffee Maker

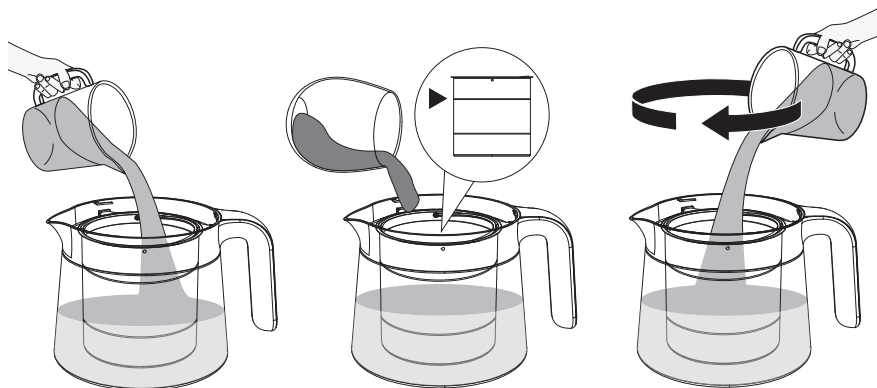

IMPORTANT

Before using the Cold Brew Coffee Maker, wash all parts by hand in soapy water according to the "Cleaning and Maintenance" directions. Dry it thoroughly. To avoid damage, do not wash it in the dishwasher.

Place the filter holder on the coffee pot, turn it clockwise to lock it.

Insert the filter. Make sure filter handle is lying flat.

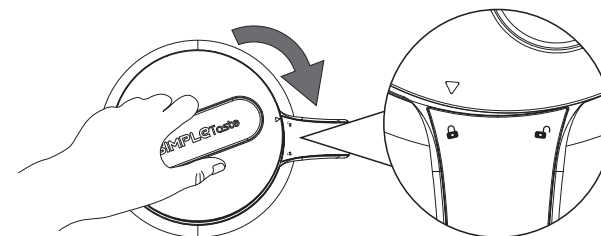

Pour 41 oz (1.2 L) of cold water into the coffee pot.

Scoop 250g (9 oz) coffee grounds into the filter.

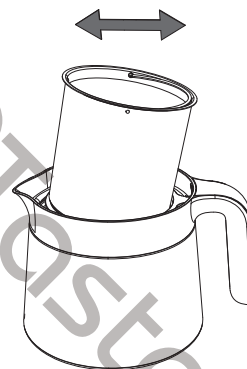

Pour an additional 20 oz (600 mL) of cold water over the grounds, using a circular motion.

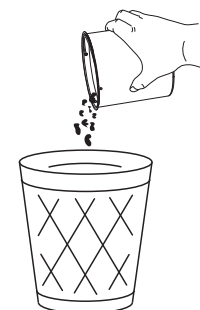

Press down the grounds, making sure they are covered by the water.

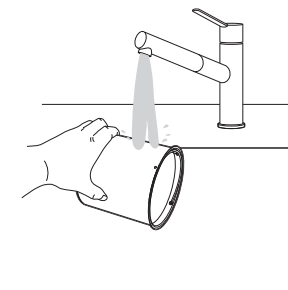

Place the lid back on the coffee pot and turn it clockwise to lock it. Brew the coffee grounds in the refrigerator for 12- 24 hours based on your preference.

After brewing, remove the lid; use the handle to lift the filter and rest it at an angle on the filter holder. Allow it to drain for 3 minutes, then change the angle and drain for another 2 minutes.

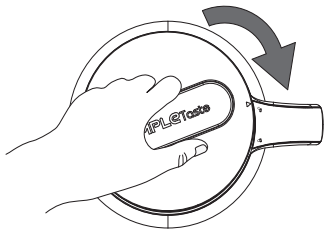

Remove the filter. Compost or discard the used grounds.

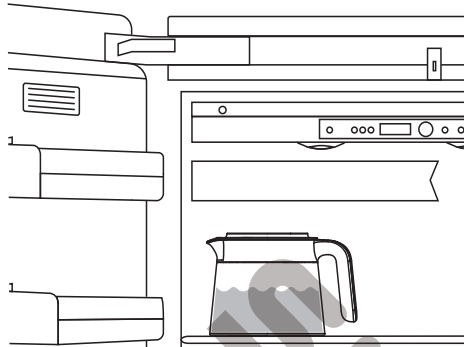

Wash the filter according to the "Cleaning and Maintenance" directions.

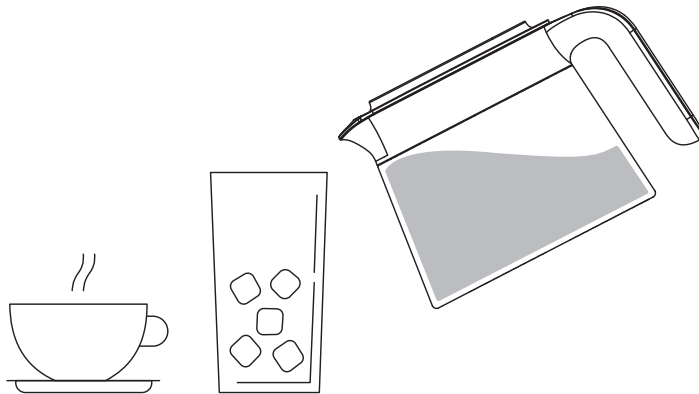

Place the lid back on the coffee pot and turn it clockwise to lock it.

Cold brew concentrate can be stored in the fridge for up to 2 weeks!

To serve, mix your cold brew concentrate with ice, water, milk or soy milk to create your perfect drink.

Note:

1. Flavor may vary based on type of ground coffee or tea leaves you use.
2. Thickness of your beverage varies based on the ratio of concentrate to water/milk/soy.

Cleaning and Maintenance

- The taste of your coffee can be impacted if the coffee pot and the filter are not thoroughly cleaned of all grounds, coffee oil residues, or soap after each use.
- Turn the lid counterclockwise to unlock the lid. Take it off the coffee pot.
- Take out the filter. Turn the filter holder counterclockwise to unlock and take it out of the coffee pot.
- Clean all parts of the Cold Brew Coffee Maker by hand only. Rinse coffee residue from each part. Wash it with soapy water. Dry each part with a dry, soft towel.

Specifications

Model: 1-JU49NA01,LT-0009

Capacity: 2 L (67.6 oz)

Dimensions: 8.66x6.57x5.7in

Weight: 1.06lb

This product's packaging is made from environmentally friendly material and can be disposed of at your local recycling plant.
