Programming Instructions

Information & Safety Warnings

- Protect your User Codes and Master Code.
- Protect your key. It is suggested to put it outside the door, such as your car.
- Restrict access to your lock's interior assembly and routinely check your settings to ensure they have not been altered without your knowledge.
- This lockset is designed to provide the highest standard of product quality and performance. Care should be taken to ensure a long-lasting finish. When cleaning is required use a soft, damp cloth. Using lacquer thinner, caustic soaps, abrasive cleaners or polishes could damage the coating and result in tarnishing.

⚠ IMPORTANT: Do not load batteries until lock is completely installed.

Definitions

Master Code

Required for programming and feature settings. Master code can be used to unlock the door under vacation mode. The default master code needs to be changed before programming.

Property owner/manager should keep this information confidential.

1. Master Code(6 to 8) digits: The default Master Code is 123456.

It is required that you change it to a code of your own before programming.

2. User Code(6 to 8) digits: A total of 200 User Codes may be programmed.

Auto Lock

Automatically locks the deadbolt after unlocking. This feature is off by default. You can set the auto lock time in the app.

Wrong Entry Limit

After 5 unsuccessful attempts at entering a valid PIN code, the unit will shut down for 5 minutes.

Unlock with Fake Code

User can prevent PIN code exposure from strangers by entering random digits before or after PIN code.

Troubleshooting

The turnpiece cannot rotate or operate the lock.

Remove and re-install the lock, making sure that the turnpiece is in right position.

The lock cannot be locked or unlocked by the keypad.

Make sure that the codes are not disabled. If needed, restore the lock's default settings.

The keypad doesn't respond when touched (no lights are visible and no beeping is heard) .

Make sure the cables are properly connected, and make sure the batteries are new and installed correctly.

I forgot my Master Codes.

Perform a reset in order to erase all passcodes. Once the reset is complete, all passcodes will be erased and the Master code will return to the default value (123456) .

The lock cannot connect APP via bluetooth

Please make sure the bluetooth is on. The APP is ready to search the lock. If needed, restore the lock's default setting.

Multiple attempts unlock the door also failed to open

Use the key to open the lock and change the battery. If needed, please contact customer service.

FCC Warning

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation. Any changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications.

However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

To maintain compliance with FCC's RF Exposure guidelines, This equipment should be installed and operated with minimum distance between 20cm the radiator your body: Use only the supplied antenna.

GEONFINO

Dear customer,

Greetings!

Thank you very much for your purchasing! We are so honored to have you as our customer, and we have great confidence to provide you with premium products and friendly service.

About GEONFINO

As an innovative and high technology corporation, GEONFINO is dedicated to R&D, designing, producing and marketing of Smart lock products. Our top-guns in the Smart lock field have constantly developed a series of products with features like fashion, human care, energy efficiency, and environment protection. And we highly value concepts of "People Oriented, Practical and Innovative." a professional seller in the smart lock field will always be a nice company to your life!

Warranty

GEONFINO not only provides a 1-year warranty for all our products but also offers high-level after-sales service. Please kindly contact us immediately and we will supply a replacement or refund if you encounter any of the followings:

1. Receiving defective items;
2. Short packaging;
3. Parts are broken in transit;
4. Item stops working within warranty;
5. Wrong order.

Importance

Valuable customers, if you like our products and service, your positive feedback and reviews will be inspiring comments on our work. If you're dissatisfied with what you get, before writing negative feedback, please contact us, we will try our best to solve the issue to your satisfaction. Thanks for your vote of confidence again! Wish you a very happy life!

Best regards!
