3. Select "Play" to start show

Inserting Batteries

1. Slide the battery housing cover downwards
2. Insert (2) AAA batteries at the correct polarity
3. Refit the battery housing cover

Frequently Asked Questions

1. **How long can I pause live TV for?**
For up to 120 minutes. After 120 minutes the paused program will start playing again.
2. **How many programs can I record at once?**
There are 5 simultaneous streams available between Live TV and recordings. Additional streams are available for purchase, see rate sheet for details.
3. **What happens when my Cloud DVR storage is full?**
If your cloud DVR storage is full and you attempt to schedule a new recording, you'll be notified that your storage is full, and you'll be unable to start a new recording until you delete an existing recording. Additional storage available for purchase, see rate sheets for details.
4. **How can I see how much recording space I have left?**
From the Homepage, select My Recordings. It will provide you access to your recordings, schedule recording and the information on your recording storage.
