

Output:

USB Type-C - Female

- Allows 100-240VAC of input voltage.
- USB-C output: 5V/3A, 9V/3A, 12V/3A, 15V/3A, 20V/3.25A
- Accurate limited current output.
- Over current protection with Auto-recovery.
- Overload protection and over voltage protection.
- Short circuit protection with Auto-recovery.
- Over temperature protection with Auto-recovery.
- Intelligent LED for PD charging.
- Portable and convenient to use.

User Manual

Rocstor Premium 65W Smart USB-C® Power Adapter

Y10A246-W1

Congratulations

Thank you for purchasing this premium Rocstor product. For optimum performance and safety, please read these instructions carefully before connecting, operating or using this product. Please keep this manual for future reference.

Introduction

This premium Rocstor is a traveling charger with PD3.0(5V3A/9V3A/15V3A/20V5A). Use travel charger connect to the devices (Mobile phone, Note book, MP3 Players, etc) that can rely on USB cable for power! This adapter plugs into electric outlet to become a powered USB port. It is helpful in long time journey and convenient for business!

Operation Procedures

1. Plug the DC connector of power adapter into a socket.
2. Plug one USB connector of the cable into the interface of the charger and plug the other connector of the cable into the electronic device (Apple Air, Google Chromebook, iPhone, Samsung mobile phone, MP3, PC, etc.)
3. Please pull the USB connector out after the electronic equipment's fully charged.

Operation Notes

1. For optimum performance, use the power station according to the user manual.
2. Plug the power adapter into socket whose voltage range should be 100~240VAC.
3. Please unplug the power adapter after using.
4. Do not use the power station with an electronic product which is not in conformity with the specifications, so as to avoid any problems caused by specification mismatching.
5. It's normal that power adapter will be a little overheated in the use process.
6. When the power station stops working under over-current, over-temperature or short-circuit protection, please unplug the device after it automatically returns to work, then you need to check whether the device is compatible with this charger.
7. Do not let the power station close to fire, such as stove, candles and etc.
8. Do not let the power station soak into liquid, such as swimming pool, bathtub, etc.
9. Do not wash the power station with corrosive cleaner.

Specification

Input/Output	
Input	100-240VAC 50/60Hz
Output	5V/3A, 9V/3A, 12V/3A, 15V/3A, 20V/3.25
Protection	
Over current Protection	Yes
Short circuit Protection	Yes
Over temperature protection	Yes
Over Load Protection	Yes
Performance	
Ripple And Noise	≥200mv
Efficiency	≥91%
Line Regulation	± 5%
Mechanical	
Color	White
Size	(56.2 x 50 x 28.7) mm - (2.2 x 1.9 x 1.1) in
Weight	105 gr - 0.26 lbs
Environmental	
Operating Temperature Range	0~25°C
Storage Temperature Range	-20 ~ 80°C
Operating Relative Humidity	90 ~ 95% RH
Accessory	
Warranty	1-Year

Package Contents

Before attempting to use this unit, please check the packaging and make sure the following items are contained in the Packaging:

- Main unit x1
- User Manual x1

Support

Technical support is available to all the registered users of Rocstor products.

Safety Information:

WARNING: Please follow these safety instructions. Failure to do so may result damages or injury. It is normal that the Rocstor adapter becomes very warm during use.

Please note that:

continuous contact with warm surfaces for extended time may cause discomfort or injury. In order to reduce the possibility of overheating or heat-related injuries, always allow needed ventilation around the Rocstor adapter and use care when handling it. Avoid instances where your skin is in extended contact with the hub when plugged into the host computer. It is not recommended to sleep with the adapter when plugged into a host computer. Avoid placing the hub adapter under a pillow, blanket, or your body when connected to a host computer. If you have a medical condition that affects your ability to detect heat against the body, extra care should be used. Never use the adapter in locations with water, such as a sink, bathtub, or shower stall. Never connect or disconnect the adapter with wet hands.

Warranty Information

Warranty Information

This product is backed by a (1) one-year warranty. Rocstor warrants its products against defects in materials and workmanship for the periods noted, following the initial date of purchase. During this period, the products may be returned for repair, or replacement with equivalent products at our discretion. The warranty covers parts and labor costs only. Rocstor does not warrant its products from defects or damages arising from misuse, abuse, alteration, or normal wear and tear.

Limitation of Liability

In no event shall the liability of Rocstorage, Inc. and Rocstor (or their officers, directors, employees or agents) for any damages (whether direct or indirect, special, punitive, incidental, consequential, or otherwise), loss of profits, loss of business, or any pecuniary loss, arising out of or related to the use of the product exceed the actual price paid for the product. Some states do not allow the exclusion or limitation of incidental or consequential damages. If such laws apply, the limitations or exclusions contained in this statement may not apply to you.
