3. TECHNICAL SPECIFICATIONS

- 7-blade fan with up to 6400 rpm
- Quiet 30dB noise profile
- BLE connection to adjust fan properties
- Power switch
- USB Type-C power port
- USB Type-C power cable (1.5m)
- LED indicates pairing and power status

4. GETTING STARTED

1. Peel off the protective film on the back of the cooling fan.
2. Pull out the retractable phone clamp, place your smartphone in, and adjust the cooling fan's position as desired.

i Some phone cases are made of heat-insulating material. To ensure optimum cooling, remove your phone case or any attached accessory before using the cooling fan.

3. Connect the cooling fan to a compatible USB power adapter (not included) using the USB Type-C power cable.

4. Switch on the cooling fan. The cooling fan will begin dissipating heat away from your smartphone.

5. CUSTOMIZING THE COOLING FAN

From customizing its lighting effects to changing its fan speed, the cooling fan comes with its own mobile app designed to unleash its features for greater style and better gaming immersion wherever you are.

RAZER PHONE
COOLER

1. Download the mobile app on your smartphone.
2. Launch the app and follow the onscreen instructions.

6. SAFETY AND MAINTENANCE

SAFETY GUIDELINES

In order to achieve maximum safety while using the Razer Phone Cooler Chroma, we suggest that you adopt the following guidelines:

Should you have trouble operating the device properly and troubleshooting does not work, unplug the device and contact the Razer hotline or go to support.razer.com for support. Do not attempt to service or fix the device yourself at any time.

Do not take apart the device and do not attempt to operate it under abnormal current loads. Doing so will void your warranty.

Do not leave the cooling fan switched on when your smartphone is not in use.

Moisture may form on the surface of the cooling fan and your smartphone when using these together in humid conditions. If this occurs, wipe off any traces of moisture before using your devices.

Keep the device and its components away from liquid, humidity or moisture. Operate the device and its components only within the specific temperature range of 0°C (32°F) to 40°C (104°F). Should the temperature exceed this range, unplug the device in order to let the temperature stabilize to an optimal level.

MAINTENANCE AND USE

The Razer Phone Cooler Chroma requires minimum maintenance to keep it in optimum condition. Once a month, we recommend you clean it using a soft cloth or cotton swab to prevent dirt buildup. Do not use soap or harsh cleaning agents.
