

USER'S GUIDE

5-in-1 soft glow aroma humidifier & speaker

Model: ST600

The features described in this guide are subject to modifications without prior notice.

Welcome...

to your new Motorola 5-in-1 soft glow aroma humidifier & speaker

Thank you for purchasing your new Motorola 5-in-1 soft glow aroma humidifier & speaker.

Create a calm and relaxing nursery environment with the Motorola Soft Glow Aroma Humidifier & Speaker. This 5-in-1 Humidifier transforms your nursery's ambience, in various ways, helping your baby sleep peacefully.

The built-in humidifier prevents the nursery from getting dry, keeping your baby healthy. Get rid of any unwanted nursery odors by adding a few drops of your favorite essential oil scent, to the aroma diffuser.

Help your baby fall asleep or keep them entertained. Connect your phone via Bluetooth and play a lullaby or audiobook for your little one, on the high-quality speaker.

Choose from 4 different night light colors to soothe your baby, in the dark. The night light also provides guidance, during late night feeding and diaper changes, without having to turn on the harsh, aggressive bedroom lights.

Please keep your original dated sales receipt for your records. For warranty service of your Motorola product, you will need to provide a copy of your dated sales receipt to confirm warranty status. Registration is not required for warranty coverage.

1. *Safety Instructions*

WARNING

This product is compliant with all relevant electromagnetic field standards and is, when handled as described in the User's Guide, safe to use. Therefore, always read the instructions in this User's Guide carefully before using the device. understand and follow all instructions and warnings including:

- The humidifier is intended for indoor use only. Do not operate the humidifier outdoors.
- Always ensure that there is water in the water tank before operating the humidifier.
- Use only clean, cool water to fill the water tank.
- Place the humidifier on a smooth, level, waterproof surface that is elevated off the ground.
- Keep the humidifier out of reach of children and do not install it directly next to a wall or near electrical devices.
- Always handle the humidifier with dry hands to avoid electric shocks.
- Do not operate the humidifier with a damaged cord or plug.
- Unplug the humidifier when not in use.
- Do not cover the mist outlet on the humidifier or insert objects into the mist outlet.
- Do not leave the humidifier in a closed room as the air could become saturated and leave condensation on walls or furniture.
- Leave room door partially open when the humidifier is being operated.
- For babies especially, follow the dilution guidelines given by the essential oil supplier or dilute oils even more.
- When using essential oils with your baby, it is recommended to start slowly, by using fewer drops.
- It is recommended to dilute the oil with water and apply it to a tiny area on the child's leg prior to using it to check for adverse reactions.
- Always consult your health care provider when starting to use essential oils with your baby.
- This product is not a toy. Do not allow children to play with it.
- Keep this User's Guide for future reference.

2. System Requirements of Smart Device

Smartphones/Tablets: Android™ and iOS® only.

Minimum System Requirement: iOS 10.0, Android 7.0, Bluetooth 4.4.

3. Getting Started

3.1 Fill up the Water Tank

Important:

Do not operate the humidifier without water in the water tank.

Make sure that the humidifier is unplugged from the power outlet before removing the water tank.

ALWAYS use fresh cool water for the water tank.

1. Place the humidifier on a flat, even surface, remove the top cover from humidifier base.

2. Fill the water tank with clean, cool water up to carved max line.

3. To get the aroma scent, add a few drops of essential oil (not included) to mix with the water in the tank. Follow the dilution guidelines given by the essential oil supplier.

4. Place the top cover back onto the humidifier base, ensure it is firmly seated.

Important:

Using essential oils is a great way to enhance the humidifier's effects. Be sure to follow our recommendations on how to use essential oils with your humidifier. Failure to do so may result in malfunction or damage to the humidifier or even harm to the user.

- Only use essential oils with adult supervision. Do not allow child to use essential oils unsupervised.

- Wash the Water Tank thoroughly after each use to remove residue.
- The Water Tank and the Tank Cap are made of oil-proof materials. Other parts may be damaged by direct contact with oil. Do not spill oil outside the Water Tank.
- Clean Water Tank every time you change essential oils.
- Do not apply undiluted oil directly onto your skin or swallow it.
- If oil comes in direct contact with your skin, wash it off with water. If swallowed, seek medical help immediately. Keep oils away from eyes. If oils come in contact with eyes, wash eyes immediately with water. Consult a doctor, should irritation persist.
- If you feel unwell while using the product, turn off the device immediately.
- Pregnant women, elderly people, young children or people with chronic diseases may be more sensitive to scent. If they feel unwell, stop using immediately.
- Store essential oils in a dark cool place with the cap tightly closed and out of reach of children and pets.
- Use essential oils with a valid expiration date.

3.2 Connect the Humidifier to Power Supply

1. Connect one end of the power adapter into the power port on the humidifier and the other end to the power outlet.

How to Obtain Warranty Service or Other Information ?

To obtain service or information, please call:

Live Chat: motorolastore.support/en

Email: support@motorolastore.com

You will receive instructions on how to ship the Products or Accessories at your expense and risk, to a BINATONE Authorised Repair Centre.

To obtain service, you must include: (a) the Product or Accessory; (b) the original proof of purchase (receipt) which includes the date, place and seller of the Product; (c) if a warranty card was included in your box, a completed warranty card showing the serial number of the Product; (d) a written description of the problem; and, most importantly; (e) your address and telephone number.

These terms and conditions constitute the complete warranty agreement between you and BINATONE regarding the Products or Accessories purchased by you, and supersede any prior agreement or representations, including representations made in any literature publications or promotional materials issued by BINATONE or representations made by any agent employee or staff of BINATONE, that may have been made in connection with the said purchase.

FCC and IC regulations

FCC Part 15

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the Federal Communications Commission (FCC) rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

This device complies with Part 15 of the FCC rules. Operation is subject to the following two conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation. Privacy of communications may not be ensured when using this device.

To ensure safety of users, the FCC has established criteria for the amount of radio frequency energy that can be safely absorbed by a user or bystander according to the intended usage of the product. This product has been tested and found to comply with the FCC criteria.

This Class B digital apparatus complies with Canadian ICES-003. CAN ICES-3(B)/NMB-3(B)

WARNING

Changes or modifications, to this equipment not expressively approved by the party responsible for compliance could void the user's authority to operate the equipment.

The socket-outlet shall be installed near the equipment and shall be easily accessible

Industry Canada

This device complies with Industry Canada licence-exempt RSS standard(s): Operation is subject to the following Two conditions: (1) this device may not cause interference, and (2) this device must accept any interference, including interference that may cause undesired operation of the device.

The term "IC: " before the certification/registration number only signifies that the Industry Canada technical specifications were met. This product meets the applicable Industry Canada technical specifications.

Le présent appareil est conforme aux CNR d'Industrie Canada applicables aux appareils radio exempts de licence. L'exploitation est autorisée aux deux conditions suivantes : (1) l'appareil ne doit pas produire de brouillage, et (2) l'utilisateur de l'appareil doit accepter tout brouillage radioélectrique subi, même si le brouillage est susceptible d'en compromettre le fonctionnement. FCC RF Radiation Exposure Statement Caution: This Transmitter must be installed to provide a separation distance of at least 20 cm from all persons.

IC Radiation Déclaration d'exposition Attention: Cet émetteur doit être installé pour fournir une distance de séparation d'au moins 20 cm de toute personne.
