TRANSLUCENT
WIRELESS CHARGER
WITH FLASHING LIGHTS

Included Items:

- 1x Wireless Charger
- 1x 50cm Micro USB Cable
- 1x User Manual

Instructions:

- Using the included USB micro cable, connect to a computer or wall charger (sold separately) to enable wireless charging.
- When the device is charging, all 20 lights will flash in a rotating pattern.
- When the device is fully charged the lights will stop flashing.
- Please Note: When using an iPhone the lights will not stop flashing.
- Confirm that your device is Qi wireless charging compatible before charging.
- You may need to remove your case or other phone accessories in order to use the wireless charging feature, please exercise caution.

Warnings:

- Do not leave the product in a hot location.
- Do not disassemble, modify, or repair this product.
- Do not allow water or liquids to come in contact with the product.
- Do not place any metallic items on the surface of the product.
- If a non-Qi compatible device is used, the charger may overheat.

Precautions:

- Disable vibration features on your device before charging to ensure vibration does not move the device and disrupt charging.
- Multiple Qi enabled devices cannot be charged at the same time.

Specification:

- Input: 5V/2A
- Transmission power: 5W
- Output: 5V/1A
- Charging efficiency (Max): 65%
- Charging distance: ≤ 8MM

Please keep this manual for future reference.

FCC Statement:

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment. This equipment should be installed and operated with minimum distance 20cm between the radiator & your body.

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

Caution: Any changes or modifications not expressly approved could void the user's authority to operate the equipment.

Bytech NY INC. warrants this product to be free from defects in materials and workmanship to the original purchaser for a period of 12 months from the original purchase date. Bytech's responsibility with regard to this limited warranty shall be limited solely to repair or replacement as its option, of any product which fails during normal consumer use. This warranty does not extend to damage or failure which results from misuse, neglect, accident, alteration, abuse, improper installation or maintenance. At any time during the 12 month period following the purchase, the product fails due to defects in material or workmanship, return the defective product (with freight prepaid) with proof of purchase. Please include \$5.00 for return shipping and handling.
