WHAT'S IN THE BOX

NOTE: Product design and packaging may change without notice.

CONNECT

- Open the protective cover on the back by removing the screws then connect the cables.

Note: All external devices and cables shown in the diagram are for reference only and not included in the package.

1. Connect Soundbar with TV

2. Connect Soundbar with other devices

- After the connections are completed, close the protective cover and tighten the screws for the best weatherproof effect.

INSTALL

IMPORTANT: Before final installation, check by powering the Soundbar on to make sure the unit operates properly.

1. Install Soundbar to the compatible Furriion Aurora™ TV

FCC WARNING

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

Any changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation.

If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

To maintain compliance with FCC's RF Exposure guidelines, This equipment should be installed and operated with minimum distance between 20cm the radiator your body: Use only the supplied antenna.
