

Motorcycle Wheel Chock

Instructions for

Part # BW-PRO-CHOCK

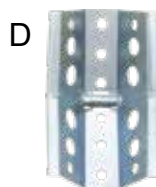

Patent #: US PAT. 11,021,139

General Guidelines

- It is the user's responsibility to read and follow all instructions.
- Keep these instructions with the product at all times and review before each use.
- It is the responsibility of this product's owner to furnish the instructions to any person that borrows or purchases the product.
- Inspect the product before use to ensure it is assembled properly and all parts are in safe working order and free of defects.
- Never modify this product in any way.
- Fits tires from 15" - 22".
- All circumstances cannot be addressed in these instructions. Please use common sense and practice general safety measures when using this product.
- Parts and/or instructions are subject to change without notice.

Parts

Part	Description	Quantity
A	Base	1
B	Vertical Arm	1
C	Leg	2
D	Wheel Cradle	1
E	Wheel Stop	1
F	Arm Bracket	1

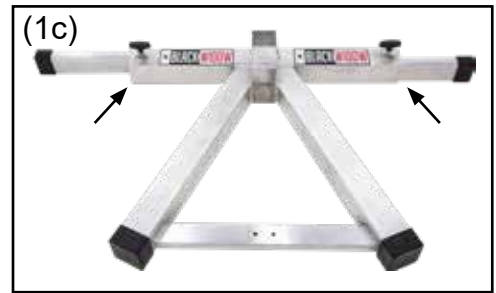

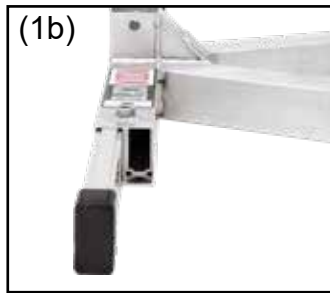

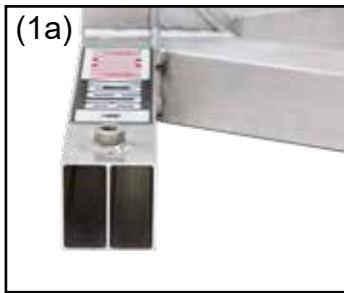

Part	Description	Quantity
G	Cradle Bracket	1
H	M12x35 Turn Knob	2
I	Pin with Clip	4
J	M8x40 Socket Head Bolt	2
K	M8 Fender Washer	2
L	M8 Nut	2

Tools Needed: 5mm hex key, 13mm wrench

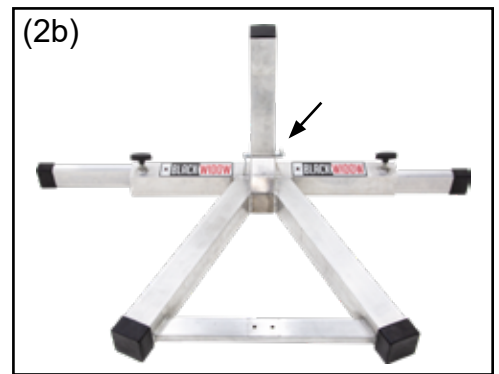

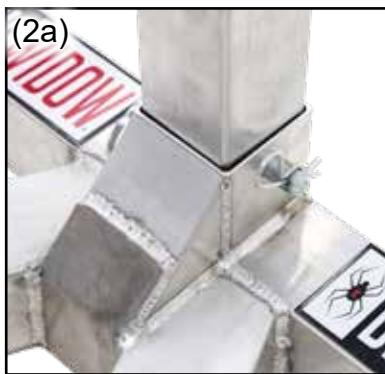

Assembly

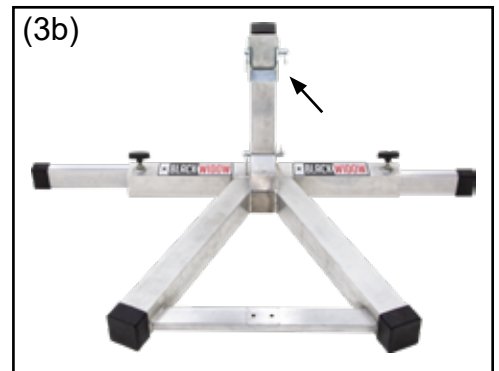

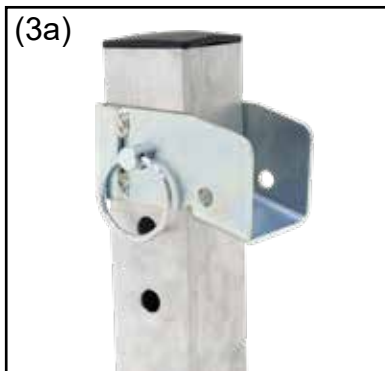

Step 1. Slide the two legs (C) into the slots on the base (A). Each leg fits into its own slot, facing opposite directions so they can extend or contract as needed. Fit the turn knobs (H) into the top holes to secure the legs at the proper distance. The distance can be adjusted to fit a truck bed or trailer once the chock is assembled.

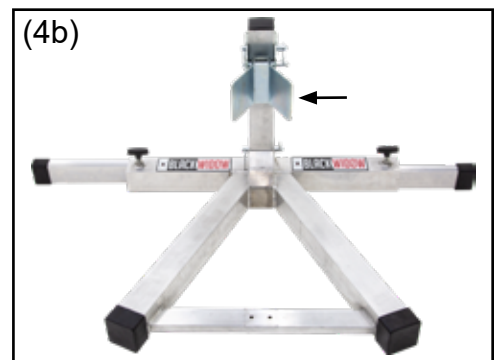

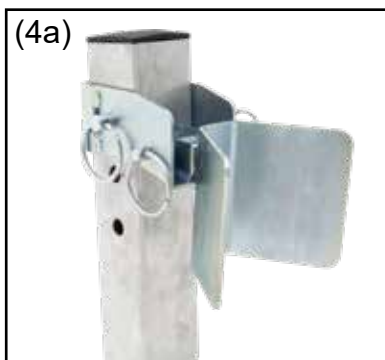

Step 2. Fit the vertical arm (B) into the base (A). Secure with a pin and clip (I).

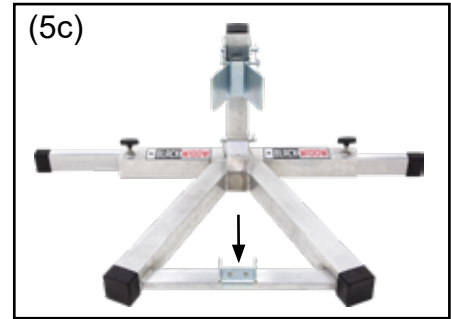

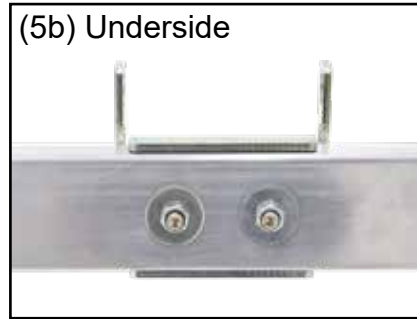

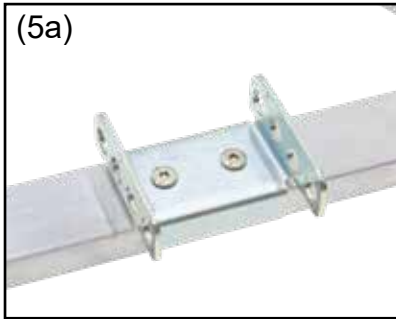

Step 3. Fit the arm bracket (F) onto the vertical arm (B). Secure the bracket at the appropriate height with a pin and clip (I).

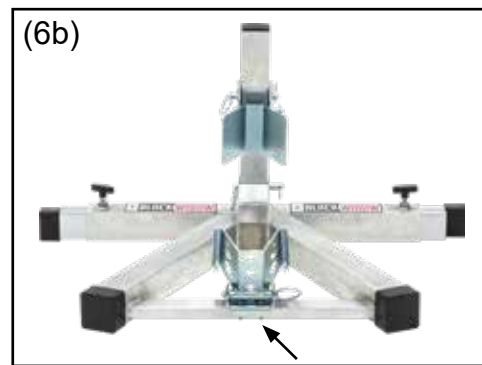

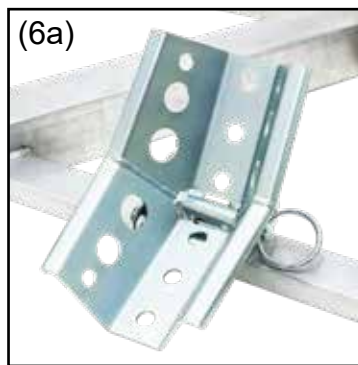

Step 4. Attach the wheel stop (E) to the arm bracket (F) using a pin and clip (I).

Step 5. Attach the cradle bracket (G) to the base (A) using the bolts (J), washers (K), and nuts (L). Secure with a 5mm hex key and 13mm wrench.

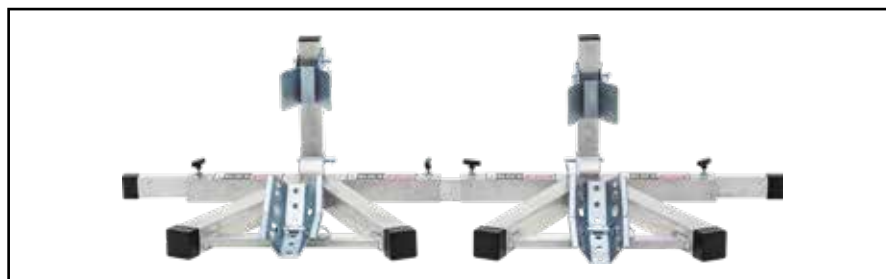

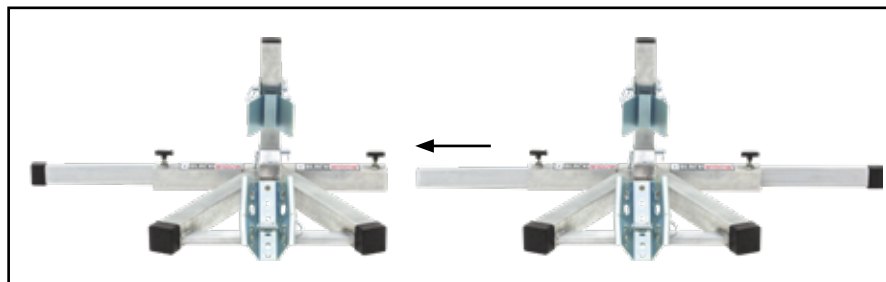

Step 6. Attach the wheel cradle (D) to the cradle bracket (G). Secure the cradle at the appropriate position with a pin and clip (I).

Two-Chock Option

Remove one leg from the inside of one chock. Remove the end cap of the inside leg of the other chock. Make sure the slot for the removed leg and the other inside leg line up. Fit the leg into the slots of both chocks, connecting them. Adjust and tighten as needed.

Installation

Place the assembled chock in the trailer or truck bed. Fully extend the legs to fit against the walls, then secure them in place by tightening the turn knobs. Make sure the chock is stable and secure with cradle tilted forward before use.

The wheel cradle and wheel stop can be adjusted to fit tires between 15" - 22". Adjustments will depend on the tire width and style. When properly in place, the tire should be set in the wheel cradle even with or just above the chock base. Always properly tie down your motorcycle before transport.

Product Warranty and Liability

GENERAL PRODUCT WARRANTY: Products purchased from the Authorized Dealer (original place of purchase) or Merchant ("Dealer") will be free of defects in material and workmanship at the time of receipt, and will meet the specifications stated at the place of purchase transaction or online at the Dealer's website, under normal use and service when correctly installed, operated and maintained. This product warranty is effective for the period of time stated below, unless otherwise stated in the product instructions or depicted in the product advertisement. All Authorized Dealer warranties are NON-TRANSFERABLE and cover only the original end purchaser. This limited warranty does not cover products purchased through non-authorized dealers. Non-authorized dealer receipts are not accepted for warranty verification.

Warranty claims must be made directly to the original place of purchase.

WARRANTY PERIOD: This warranty remains in force for one year from the date of the product's accepted delivery. The Authorized Dealer offers a one year manufacturer's warranty for most products unless otherwise specified on the product advertisement.

WARRANTY SERVICE: The Authorized Dealer will replace any defective or malfunctioning part at no charge, including payment of the shipping costs of parts or replacement product to and from the manufacturer. The purchaser is responsible for labor charges. If the product does not meet specifications as depicted in the advertisement, the Authorized Dealer will refund the full purchase price of the product.

Questions regarding the warranty on a specific product and warranty claims should be directed to the Authorized Dealer with whom the purchase transaction was made.

WARRANTY LIMITATIONS: The above warranty does not apply to products that are repaired, modified or altered by any party other than the Authorized Dealer; are subjected to unusual physical stress or conditions (such as overloaded ramps or corrosion), natural disaster, governmental actions, wars, strikes, labor disputes, riots, theft, vandalism, terrorism or any reason beyond reasonable control; are damaged due to improper installation, misuse, abuse, accident or negligence in use, storage, transportation or handling, or tampering; or to products that are considered consumable items or items requiring repair or replacement due to normal wear and tear.

Product should be inspected prior to signing for delivery. Product damage incurred during shipping, unless noted on the Bill of Lading at the time of delivery, renders this warranty void.

LIMITED LIABILITY: In no event shall THE AUTHORIZED DEALER be liable to the purchaser or any third party for any indirect, incidental, consequential, special, exemplary or punitive damages arising out of the use of the product, including, without limitation, property damage, loss of value of the product or any third party products that are used in or with the product, or loss of use of the product or any third party products that are used in or with the product.
