

⚠ WARNING

- Before installing, servicing, or performing routine maintenance upon this equipment, follow these general precautions.
- To reduce the risk of death, personal injury, or property damage from fire, electric shock, falling parts, cuts/abrasions, and other hazards, read all warnings and instructions included with and on the fixture box and all fixture labels.
- Proper grounding is required to ensure safety.
- Power must be turned off at the breaker before installation or maintenance.
- Installation, service, and maintenance of luminaires should be performed by a qualified licensed electrician.
- Wear gloves and eye protection at all times while installing, servicing, or performing maintenance on the luminaire, and avoid direct eye exposure to the light source while it is on.
- Do not install damaged product. Inspect luminaire for damage that may have occurred during transit. If damaged, contact the manufacturer immediately.
- These instructions do not purport to cover all details or variations in equipment nor to provide every possible contingency to meet in connection with installation, operation, or maintenance. Should further information be desired or should particular problems arise which are not covered sufficiently for the purchaser's or owner's purposes, contact the manufacturer.

⚠ ADVERTENCIA

- Antes de instalar, reparar o realizar el mantenimiento de rutina de este equipo, siga estas precauciones generales.
- Para reducir el riesgo de muerte, lesiones personales o daños a la propiedad por fuego, descarga eléctrica, caída de piezas, cortes / abrasiones y otros peligros, lea todas las advertencias y instrucciones incluidas cony en la caja del dispositivo y todas las etiquetas del dispositivo.
- Se requiere una conexión a tierra adecuada para garantizar la seguridad.
- Se debe apagar la energía en el disyuntor antes de la instalación o el mantenimiento.
- La instalación, el servicio y el mantenimiento de las luminarias deben ser realizados por un electricista autorizado y calificado.
- Utilice guantes y protección para los ojos en todo momento durante la instalación, el servicio o el mantenimiento de la luminaria, y evite la exposición directa de los ojos a la fuente de luz mientras está encendida.
- No instale un producto dañado. Inspeccione la luminaria en busca de daños que puedan haber ocurrido durante el tránsito. Si está dañado, comuníquese con el fabricante de inmediato.
- Estas instrucciones no pretenden cubrir todos los detalles o variaciones en el equipo ni proporcionar todas las posibles contingencias a cumplir en relación con la instalación, operación o mantenimiento. Si desea obtener más información o si surgen problemas particulares que no están suficientemente cubiertos para los propósitos del comprador o propietario, comuníquese con el fabricante.

⚠ AVERTISSEMENT

- Avant d'installer, d'entretenir ou d'effectuer une maintenance de routine sur cet équipement, veuillez suivre ces précautions générales.

PLUG-IN OUTDOOR MECHANICAL TIMER

SAFETY AND INSTALLATION INSTRUCTIONS

- Pour réduire le risque de décès, de blessures corporelles ou de dommages matériels dus à un incendie, un choc électrique, des chutes de pièces, des coupures/abrasions et d'autres dangers, lisez tous les avertissements et les instructions inclus avec et sur la boîte du luminaire et toutes les étiquettes des luminaires.
- Une mise à la terre appropriée est requise pour assurer la sécurité.
- L'alimentation doit être coupée au niveau du disjoncteur avant l'installation ou l'entretien de cet équipement.
- L'installation, l'entretien et la maintenance des luminaires doivent être effectués par un électricien qualifié et agréé.
- Portez des gants et des lunettes de protection à tout moment lors de l'installation, de l'entretien ou de la maintenance du luminaire, et évitez de regarder directement la source lumineuse lorsqu'elle est allumée.
- N'installez pas de produit endommagé. Inspectez le luminaire pour vérifier s'il présente des dommages qui ont pu se produire pendant le transport. S'il est endommagé, contactez immédiatement le fabricant.
- Ces instructions ne prétendent pas couvrir tous les détails ou variations de l'équipement ni fournir toutes les éventualités possibles que vous pourriez rencontrer en rapport avec l'installation, l'exploitation ou la maintenance. Si vous souhaitez des informations supplémentaires ou si des problèmes particuliers surviennent et qu'ils ne sont pas suffisamment couverts pour les besoins de l'acheteur ou du propriétaire, contactez le fabricant.

WARNING

- The device must be mounted in a vertical position with the receptacle facing downward and with the receptacle at least 2 ft. above the ground level to prevent water immersion.
- Do not exceed the maximum amperage rating of 15 Amps, or maximum wattage rating of 1,000 Watts.
- Cancer and reproductive harm – www.P65Warnings.ca.gov

CAUTION

- This product should be plugged into a 3-conductor GFCI receptacle.
- Suitable for outdoor use.
- Rain-tight when mounted vertically with the receptacle facing downward.
- Do not immerse in water.

Federal Communications Commission (FCC) Interference Statement

This equipment has been tested and found to comply with the limits for Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and the receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/ TV technician for help.

PLUG-IN OUTDOOR MECHANICAL TIMER

SAFETY AND INSTALLATION INSTRUCTIONS

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation of the device.

FCC Caution: Any changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate this equipment.

Installation Instructions

- The device must be mounted in a vertical position with the receptacle facing downward and with the receptacle at least 2 ft. above the ground level to prevent water immersion.
- Turn the Timer Dial (1) to the "OFF" setting to turn off all attached devices.
- Turn the Timer Dial (1) to the "ON" setting to turn on all attached devices.
- Turn the Timer Dial (1) to the "Dusk-Dawn" setting to turn on the attached devices at dusk and turn off the attached devices at dawn. Temporary light sources like headlights, porch lights, streetlights and other external light sources will not interfere with the photocell function unless the external light source is on for more than 15 minutes. In that case, the receiver will shut off until darkness is restored. This function has been implemented to avoid flickering or constant on/off for all connected devices.
- Turn the Timer Dial (1) to the 2Hrs, 4Hrs, 6Hrs or 8Hrs setting to specify the amount of time the connected devices will be on after dusk. The program cycle will complete before the timer resets. Headlights, porch lights, streetlights and other external light sources will not interfere with the active program.
- The chosen setting will repeat every 24 hours.
- Plug the power cord into a 3-conductor GFCI receptacle. The power cord is a 6inch 14/3 SJTW cord.

SAFETY AND INSTALLATION INSTRUCTIONS

Troubleshooting

PROBLEM	POSSIBLE CAUSE	CORRECTIVE ACTION
Lights do not turn on, even when timer is in "ON" position.	Lights are not in "ON" position, lights are not functioning, or timer is not receiving power.	Be sure that lights are functional by plugging them directly into the outlet. Be sure that lights are in "ON" position if they have their own switch. Be sure that the outlet that the timer is plugged into is active.
