Elliptical Movement

Perfect Equipment for Home

Unique elliptical movement enables it to be the perfect equipment for home. It gets you covered with both cardio and strength exercises.

Brand-New Elliptical arrivals

It, SHUA SH-E550 Elliptical, is the special elliptical
It can be used as an elliptical, a stepper, and a stair climber

It offers the most adaptive movements. Natural elliptical movement is to build a perfect shape. Vertical climbing movement helps grow hip muscles. Brisk stepping movement adjusts the movements to the performance. You can adapt your movements easily, seamlessly and naturally.

Charming Equipment

Imbuing pink and light green with the beauty of innovative design, it adds light and active lifestyle to your home interior.
