About Quictent

Founded in the early 21st century, Quictent has grown into a popular brand with reliable products and excellent customer services during the past decades. We started with pop up canopies, and then expanded to other 6 categories for shelters and the like including party tents, carports, greenhouses, shade sails, patio umbrellas and grow tents. Driven by the vision to create unique spaces to meet every specific need and become a part of America's landscape, we at Quictent would spare no effort to keep innovating.

Our Vision

Creating unique spaces to meet every specific need, and become a part of America's landscape.

Our Mission

To keep innovating and provide a wide range of reliable shelters and shades at consumer-grade prices with customer-first service.

Our Service

The customer-centric services are what we at Quictent take great pride in. In addition to the hassle-free warranty covering all Quictent products, an industrial-leading support team is standing behind at all times. Whenever you need help or have any suggestions and comments about our products, do not hesitate to reach us via sales@quictents.com or maxlead.us@gmail.com. You're sure to get a to-the-point reply in 12 hours (business days).

Assembly

- Before the assembly, please check to make sure that you have all parts listed on the **Parts List**.
- For more details about the assembly, please refer to the **video on the product listing page**. Please contact our support team whenever you need help.

Step 1 Layout and form the top frame with the poles (6 x #1 & 6 x #2) and the connectors (6 x #A & 3 x #B).

Step 2 Start assembling the mainframe.

- a) On one side, attach the poles (1 x #3, 1 x #3A, and 1 x #4) to the connectors (#A & #B) on the top frame and lift the structure.
- b) On the other side, attach the poles (1 x #3, 1 x #3A, and 1 x #4) to the connectors (#A & #B) on the top frame.
- c) Secure the mainframe by connecting 4 x poles (#1) with the poles (#3, #3A, and #4) at the bottom.

Step 3 Place the Cover (#C) on the top frame with the Velcro straps (attached to the fabric). Please remember to secure your greenhouse with the Foot Bases (#D), Ground Stakes (#E), and Ropes (#F). You can also add some extra weights (for example, bricks, stones, sandbags, and the like) to the extended edge of the cover.

12' x 7' x 7' Greenhouse (Model #1303G & Model #1303W)

The only difference between the two models in 12' x 7' x 7' is the cover: **Model #1303G comes with a green cover** while **Model #1303W has a white cover**.

You'll receive one (1) box for both models. Please pay particular attention to making sure all parts are numbered and graphically indexed as shown on the **Parts List**, so does the quantity for each part. If you need any help, please contact us promptly (sales@quicktents.com or maxlead.us@gmail.com) with the **ORDER NUMBER**, **REQUIRED PARTS (NAME, QUANTITY, and PART NUMBER)**, **PICTURES (OR VIDEO CLIPS, IF APPLICABLE)**, we'll get back to help out soon.

Assembly

- Before the assembly, please check to make sure that you have all parts listed on the **Parts List**.
- For more details about the assembly, please refer to the **video on the product listing page**. Please contact our support team whenever you need help.

Reminder!

The steps below are for the convenience of one-person work. You can refer to the assembly steps instructed for Model #1302W if you have several partners to work together, that is, to start from the top frame, then assemble the mainframe, and finally put on the cover.

Step 1 Layout and form the door frame with the poles (2 x #2, 1 x #3, and 1 x #3A) and a connector (#A), then connect the poles (5 x #1) with the door frame as shown.

Note: Please remember to connect the 2 x Foot Bases (#C) to the bottom of the poles (#3 & #3A).

Step 2 As shown, add the poles (2 x #2 & 2 x #4) and a connector (#B) to the assembled door frame, then erect the finished structure. Again, please remember to connect the 2 x Foot Bases (#C) to the bottom of the poles (#4).

Step 3 Finish assembling the frame by repeating what you've done in Step 2 & Step 1. The parts you'll use are:

Poles: 10 x #1, 4 x #2, 1 x #3, 1 x #3A

Connectors: 1 x #A, 1 x #B

Foot Bases: 4 x #C

Step 4 Place the Cover (#E) on the top frame with the Velcro straps (attached to the fabric).

Reminder! Please remember to secure your greenhouse with the Ground Stakes (#D). You can also add some extra weights (for example, bricks, stones, sandbags, and the like) to the extended edge of the cover.

20' x 10' x 6.6' Greenhouse (Model #1306G & Model #1306W)

The only difference between the two models in 20' x 10' x 6.6' is the cover: **Model #1306G comes with a green cover** while **Model #1306W has a white cover**.

You'll receive one (1) box for both models. Maintenance

For longer service life and to help you maintain your greenhouse cover in optimal condition, please refer to our suggestions below:

- Please secure the cover at all times by tying all the Velcro or ropes inside and fixing the extended part of the cover with extra weights (soil, bricks, stones, sandbags, etc.)
- When high winds blow, please open all the doors and windows to let the winds pass through.
- Please put down the cover, or move the greenhouse and plants somewhere sheltered before extremely bad weather (hurricanes, tornadoes, etc.)

- Please clean up snow in time if heavy snow occurs in winter, or it may break due to overloading.
- Please understand that the local weather would influence the overall performance. You could apply other equipment like a heater or else if higher or certain temperatures are required.

Warranty

The limited warranty covering the materials and the craftsmanship under normal use and service conditions takes effect from the purchase date (on the invoice). Please note that the order purchase proof (order number or shipping information on the shipping carton) is the only valid evidence to claim for warranty.

- **365-day** warranty for the Pole and Connector
- **180-day** warranty for the Cover
- A **lifetime** warranty for the other parts not mentioned above.

REMINDERS

1. In the event that you failed to access your order information online, we strongly advise you to keep the original packaging and shipping carton(s) because they are treated as a proof of purchase.
2. To get what you need as soon as possible, we strongly suggest you provide all of the following information **at your first inquiry**:
 - Order number
 - Required parts (name, quantity, and part number for each part)
 - Pictures (or video clips, if applicable)

WARNING

- Restructuring the product without written permission from Quicent in advance would **VOID** the warranty.
- Damages due to improper use in severe weather conditions, including but not limited to high winds, heavy rain, sleet, snow, etc., will NOT be covered by the warranty.

About Quiccent

• Shelter for Backyard, Party, Event

Pop up Canopy

Quiccent pop up canopies serve perfectly for your outdoor events, both personally and commercially. They always provide shades for outdoor activities such as parties, picnics, outings, etc, turning everywhere into a perfect place to relax. When it comes to selling at outdoor events, they are easy to handle in all aspects – unfolding (and folding), transporting, and storing. Rich in styles, sizes, and colors, you can always find one that goes well with your needs.

Party Tent

Preparing for parties and events? We've got your back. Quiccent party tents in different sizes are available. From a small-sized one in 10' x 8' to some regular sizes in 10' x 20' or 10' x 30' to a large one in 20' x 40', you can always find a perfect solution matching your demands. What's more, they span a wide range of styles.

Metal Gazebo

Owning a Quicrent metal gazebo is just like having another beautiful room in your backyard! The powder-coated steel frame is heavy-duty and can stand firmly outdoors for a long time. The mosquito netting adds privacy and protects you from bugs. The tan ones go with the surroundings well while the red ones are eye-catching.

Patio Umbrella

Quicrent patio umbrellas turn anywhere in the open air into a perfect site to "take a breath". They are a must-have for small businesses such as an outdoor café! For homeowners, they make your backyard the best place to relax, especially when you're looking for an escape from the heavy work or energy-taking daily travails.

Shade Sail

Why Quicrent provides so many choices for shade sails in colors and shapes? For aesthetics. Your patio would be pleasing to the eye if you mix shades in different colors and shapes, or overlap one a little while mounting others several feet higher or lower.

• Shelter for Vehicle

Carport

The QuicTent carports share something in common: They are heavy-duty, easy-to-assemble, and of the most importance, supported by an industrial-leading after-sales service. You can choose from the ones with or without sidewalls depending on your needs.

Motorcycle Shelter

Recommended by so many riders, QuicTent motorcycle shelters are proved to be the ultimate solution to protect your motorcycle from the elements. Buy one to see how the well-made cover and the heavy-duty structure realize the great protection.

Garage Shed

A QuicTent outdoor storage shed is not only a budget-friendly solution to keep your belongings safe, but also helps organize your life – gone is the backyard/basement clutter.

Truck Tent

Light in weight and excellent in performance, QuicTent truck bed tents are always a safer and more comfortable choice for road trips with a pickup truck. They can protect you from the elements when traveling and keep warm & keep you away from the crawling insects when sleeping. More importantly, whenever you want to stop to rest, the big awning would get you sheltered. Take one home and get your pickup ready for a trip!

RV Cover

The QuicTent RV covers are a great investment for trailers of all kinds. Besides the great protection provided by the 6-layered tear-, water-, and UV-resistant cover, extra reinforced wind straps are the bonus coming with each order.

• Shelter for Plant

Greenhouse

As a necessity for all gardeners, Quicrent greenhouses provide an ideal environment to ensure efficient growth and longer growing seasons. Available in mini, medium, and large walk-in ones.

Grow Tent

We highly recommend Quicrent grow tents for anyone wanting to grow indoors. Passed the SGS certification, they'll help create an optimal growing environment. You're sure to be surprised by lots of built-in features like more reflective cover materials, the big observation window, convenient hooks, a waterproof tray floor, etc. Take one home to be the master of the temperatures, lights, humidity, and the like for your plants!

Garden Bed

A Quicrent raised garden bed is highly recommended for gardening beginners since it makes you the controller of the size, location, as well as factors like soil conditions. An elevated one is the ultimate solution for gardeners with back pain or knee issues.
