Thank you for purchasing this product!

I. INTRODUCTION

Before using the appliance, please read carefully this instruction manual and keep it for future reference.

This instruction manual is designed to provide you with all required instructions related to the installation, use and maintenance of the appliance.

In order to operate the unit correctly and safety, please read this instruction manual carefully before installation and usage.

In order to prolong the life of your appliance and to avoid overheating the motor, please do not use the coffee grinder longer than 30 second at once.

II. CONTENT OF YOUR PACKAGE

- **Washing machine**
- **User manual**
- **Warranty card**

III. SAFETY PRECAUTIONS

1. Home use only. Do not use for industrial purpose.
2. Before the first connecting of the appliance, check that voltage indicated on the rating label corresponds to the mains voltage in your home.
3. To protect against fire, electrical shock and injury, do not immerse the cord or the appliance into water or other liquid.
4. Keep away from children.
5. Unplug coffee grinder from outlet when not in use and before cleaning.

6. Do not operate the appliance if the cord or the plug is damaged or if any malfunctions have happened.
6. Do not use outdoors.
7. Do not let cord hang over edge of table or counter or touch hot surfaces.
8. Do not touch any moving parts.
9. To disconnect the unit from the power supply never pull the cord, use the plug.
- 10. To avoid overheating the motor, do not use the coffee grinder longer than 30 second at once.**
11. Return malfunctioning appliances to repair to the nearest service center. Repair the device only by qualified persons.
12. If the supply cord is damaged, it must be replaced by the manufacturer, its service agent or similarly qualified persons in order to avoid a hazard.
13. This appliance is not intended for use by persons (including children) with reduced physical, sensory or mental capabilities, or lack of experience and knowledge, unless they have been given supervision or instruction concerning use of the appliance by a person responsible for their safety.

IV. USING INSTRUCTION

1. The electric grinder has a capacity of 50g. Do not fill the grinder beyond the brim.
2. Open the cover anti-clockwise.
3. Load the coffee beans in the coffee bean container.
4. Close the cover, and turn it until the mark on cover fits the mark on housing.
5. Fully unwind the cord and plug to the power supply.
6. The coffee grinder has pulse operating mode. To grind coffee, keep pressing the pulse button.
7. Once the desired consistency of grinding has been reached, open the cover and pour the grounds.
8. Wait at least one minute after one approach and the next, to avoid the appliance overheating.
9. Do not use the appliance to grind oily beans (e.g. peanuts) or products that are too hard (e.g. rice).

V. CLEANING AND MAINTENANCE

1. Unplug the appliance from the power supply.
2. Clean the coffee bean container after each use.
3. Wipe the outside and coffee bean container with a damp cloth.
4. After washing polish the cover with a dry cloth.

- The cord could be winded into the base unit that has a cord storage compartment.
- Store the appliance in a cool, dry place.
