- PC AUDIO INPUT: X 1
- AV INPUT: X 2
- EARPHONE OUT: X 1
- VIDEO OUT: X 1
- MAX AUDIO OUTPUT: 8W + 8W

PRECAUTION

1. Read all instructions for correct set up and use.
2. Retain this manual for future reference and use.
3. Take note and follow all instructions and warnings.
4. This device is a CLASS II construction.
5. Ventilation should not be impeded by covering the ventilation vents with items such as newspapers, tablecloths, curtains, etc.
6. Ensure there is no naked flame source such as lit candles placed on or near the device.
7. The device should not be exposed to any liquids.
8. Ensure the batteries in the remote are not exposed to excessive heat.
9. The plug is used to disconnect the device and should remain for the device to be operational.
10. Clean with a dry cloth only
11. Do not install the device in windtight places that could cause a block of any ventilation openings. 
12. Keep installation areas clear from heat sources including amplifiers.
13. Do not discontinue use of the polarized/ grounding plug. A polarized plug has two blades with one wider than the other. A grounding type plug has two blades and a grounding prong. The wide blade or third prong are provided for your safety. If the plug does not fit into the outlet, consult an electrician for the replacement of the obsolete outlet.
14. Only use accessories specified by the manufacturer.
15. Use only with the cart, stand, tripod or bracket specified by the manufacturer. If the cart is used take caution when moving the cart and apparatus to avoid injury and the device tipping over.
16. Unplug the device during thunderstorms or when not being used for long periods of time.
17. Refer all servicing to a qualified service professional.
18. Each USB terminal should be loaded with the 0.5A under normal operation.
19. Ensure there is a minimum distance around the apparatus for sufficient ventilation.
20. Place the device in an environment with a moderate temperature.
21. When carrying the device ensure both hands are used.

Note: If the manual is inconsistent with the product, please refer to the actual product.

WARNING

Never place a television set in an unstable location. A television set may fall, causing serious personal injury or death. Many injuries, particularly to children, can be avoided by taking simple precautions such as:

- Using cabinets or stands recommended by the manufacturer of the television set.
- Only using furniture that can safely support the television set.
- Ensuring the television set is not overhanging the edge of the supporting furniture.
- Not placing the television set on tall furniture (for example, cupboards or bookcases) without anchoring both the furniture and the television set to a suitable support.
- Not placing the television set on a cloth or other materials that may be located between the television set and supporting furniture.
- Educating children about the dangers of climbing on furniture to reach the Television set or its controls.

If your existing television set is being retained and relocated, the same considerations as above should be applied.

CAUTION

Danger of explosion the battery is incorrectly replaced.

Replace only with the same or equivalent type of battery.

Batteries shall not be exposed to excessive heat such as sunshine, fire or the like.

Used batteries should not be thrown into the garbage can, please leave them at an appropriate depot.

CAUTION

Where the MAINS plug or an appliance coupler is used as the disconnect device, the disconnect device shall remain readily operable.

CAUTION

These servicing instructions are for use by qualified service personnel only.

To reduce the risk of electric shock, do not perform any servicing other than that contained in the operating instructions unless you are qualified to do so.

Attention:

Motionless picture might cause permanent destruction to the display.

- Be sure not to display motionless picture on the LED TV for more than 2 hours, cause picture remnants to appear, which is called "screen burns". To avoid such picture remnants, please decrease the "contrast" and "brightness" of the display when displaying motionless picture.
- If watching TV in 4:3 size mode for long periods of time, there may be traces on the on the screen due to different transmission of light on the screen. Similarly playing DVD's or Gaming devices may cause the same issue.
Devices destroyed due to these reasons cannot be guaranteed for maintenance.

- Place the TV on a firm and flat surface, leaving a space of at least 10cm around the set and 30cm from the top of the set to the wall or cabinet. Ensure the TV is positioned close to the wall to avoid it falling when pushed.

- When turning the TV set, do not hold the top side of the TV set, only hold the bottom side.

- When lifting the TV set, do not use one hand to handle it.

-When the signal received by the Display exceeds the allowed range, a warning message will appear on the screen.

-You can confirm the input signal format on the screen.

LED COLOR TV

5. Simple Troubleshooting

If the display fails or the performance changes dramatically, check the display in accordance with the following instructions. Remember to check the all sides to pinpoint the source of the failure.

Symptom	Solution
Power cannot be turned on.(Power indicator does not light.)	-Check that both ends of the power cable are plugged into the socket appropriately and the wall socket is operational
No Input Signal message appears.	-Check that the signal line is connected properly. -Check that the power of the relevant peripherals is turned on. -Check that the Input option that has been selected matches with the input signal.
The remote control does not function properly.	-Check the batteries are not drained.(Use new batteries.) -Check that the remote control is within the operating range. -Check that the remote control is pointed to the remote control window on the display. -Check that there are no obstacles between the remote control and the remote control window.
Flashing spots or stripes appear on the screen.	-Check that there are no emission (Car, HV cable or Neon lamp) or other possible interference sources.
Image colour or quality deteriorates.	-Check that all the video settings are adjusted appropriately, such as brightness, contrast, colour etc.
Screen position and size are incorrect.	-Check that the screen position and size is adjusted appropriately.
Image or colour is incorrect.	-Check that the signal line is connected properly. -When connecting to a PC, you can change the resolution of the PC to acquire the correct image. The discrepancy of the PC output signal may affect the display of the image.
Display warning message.	-Check that the input signal line is properly fixed. -Select the correct input signal.

3 YEAR LIMITED WARRANTY

The Manufacturer hereby provides a warranty to the original purchaser of this product ('the consumer') that this product will be free of manufacturing defects in materials and workmanship which under normal, personal, family or household use (commercial use expressly excluded) manifest themselves within the 3 year from the date of purchase.

EXCLUSIONS

- The warranty does not include and will not be construed to cover products damaged as a result of disaster, misuse, commercial use, not in accordance within the written instructions included with the product, abuse and/or any non-authorised modification of the product, incorrect installation of the product or normal wear and tear.
- Remote Controls do not fall under warranty.
- Insect infestation of the electrical or motor makes the claim invalid.
- Broken Glass or Customer abuse do not fall under the warranty.

WAIVER

The warranty and the obligations of the Manufacturer provided herein are in lieu of, and the consumer, waives all other warranties, guarantees, conditions or liabilities, express or implied, arising by law or otherwise, including without limitation, any obligation of the manufacturer in respect of any injury, loss or damage (direct, indirect or consequential) arising out of the use of, or inability to use this product and whether or not occasioned by the manufacturer's negligence or any act or omission on its part.

PROOF OF PURCHASE

Any claim in terms of the warranty must be supported by a proof of purchase. If such proof is not available, then notwithstanding anything to the contrary herein, the service agent's prevailing charges for services/repairs and/or spares will be payable by the Consumer upon collection of the repaired product. The Consumer should **call the Pick n Pay CUSTOMER CARE** number on 0860 30 30 30 (only in South Africa). Customers residing outside South Africa can return the product back to a Pick n Pay store. During the warranty period the product may only be serviced and/or repaired by the Manufacturer's duly authorised agent(s).

If this product proves to be faulty during normal use due to defective materials or workmanship. Refer to our website for terms and conditions.

REPAIRS PROCEDURE

Should you experience any faults on your Aim product, please adhere to the following procedure to have the fault rectified speedily and professionally.

You can return the product to the store.

Call the Pick n Pay CUSTOMER CARE number on 0860 30 30 30 (only in South Africa) to report the fault and make arrangements for the next steps.

Note: Should you live in an outlying area or outside South Africa, it may be necessary to return the product to the store nearest to you.

COST OF REPAIRS

UNDER WARRANTY

Any items still under warranty will be repaired free of charge, as long as it complies with the terms and conditions of the warranty (refer to “warranties” section in this manual). Any items that need to be repaired that are NOT covered in the warranty will be for the consumer’s expense. A quote for the repair/replacement of these items will be provided to the consumer for approval prior to repairs being conducted.

OUT OF WARRANTY

Any items that need to be repaired once the warranty has expired will be for the consumer’s expense including call out fees. A quote for the repair/replacement of these items will be provided to the consumer for approval prior to repairs being conducted.

We are confident about the quality of our products. If you are not 100% satisfied with our product we will gladly exchange or give you your money back.
