

LED BBQ grill light

with 3x spotlights

The LED BBQ grill light from SCHWAIGER® is perfect for long barbecue evenings to keep an eye on the food even when dusk sets in. The light has three LED spotlights that can be pulled apart for a larger illuminated area. In addition, it can be tilted by 90° and thus always ensures the best illumination of the grill

surface for the most diverse grill types and sizes. The light can be securely attached to the barbecue in no time at all with the rubberised screw clamp. Thanks to the heat-resistant materials and the powerful LEDs, the lamp is also perfectly suitable for a longer use.
