QUICK-START INSTRUCTIONS

22" 4 cycle walk-behind string trimmer: **1005697755**

Before Starting:

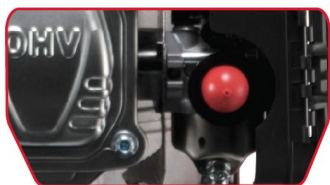

1. ADD OIL (included) Oil has been drained for shipping. You **MUST** add oil before starting. Failure to do so will permanently damage your tiller. This trimmer requires approximately 0.5 liters of oil.

2. ADD FRESH GAS (If the trimmer has been unused for more than 1 or 2 months, drain remaining gas from the tank and fill with fresh gas.

for further assistance.

Priming Bulb **1**
Press priming bulb 3 times.

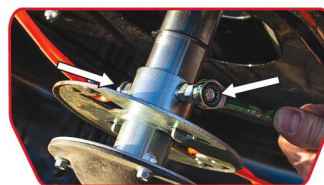

Start Lever **2**
Squeeze the start lever.

Pull Start **3**
Pull starting rope out rapidly, to start the engine.

Height Adjustment
Use a 10mm wrench to loosen the two nuts on opposite sides (1). Adjust the height up or down and tighten (2).

Trim Line Installation

Fold the replacement trimmer line in half and insert both ends through the loop near the edge of the spindle. Pull the ends of the trimmer line through the loop until the line is securely beneath the metal tab. Cross the line ends and pull each tightly to secure the trimmer line in place.
