SH-T3300

SHUA SH-T3300 Treadmill, New Fitness Equipment

Essential equipment,
available to every corner

Brand New Touch Control

Different from traditional console, SHUA SH-T3300 treadmill equips with unique LED touch control board, delivering the futuristic design

Perfect for beginners

- **Diamond Texture Wide Running Belt**

The width of running belt is 420mm, which is very large for the running surface.

With diamond texture design, it offers durability.

- **Absorb Shock with 6 Position**

6 high elastic buffer column is adopted, so pressure can be uniformly distributed over the whole surface, providing a smooth, comfortable and low impact exercise.

- **HDF Protective Deck**

Using high-intensity fibre board, it characters with high durability and reliability.

Scalable Phone Holder

Keep Head Up, Correct Running Posture.

Note: this phone holder depends on the actual items for delivery

Quiet Enjoyment

Equipped with high quality motor from international brand, it gives speed which can reach to 12km/h. Exciting exercise with quiet operation.

Handle With Hand Grip Pulse Monitor

Setting up an exercise program in a normal pulse, healthy and effective exercise is available.

No operation, Automatically stop

In order to save power, the treadmill will automatically stop when no operation in 5 minutes.
