CHARGING THE LITHIUM BATTERY

NE

To charge the battery, connect it to a USB generic charger using the included micro USB charging cable. While charging, the battery's red light will remain lit. It will turn green once the battery is fully charged.

This lithium battery is compatible with all SPYPOINT LINK-MICRO cameras and the CELL-LINK.

LIMITED WARRANTY

This SPYPOINT product, designed by SPYPOINT, is covered by a one (1) year limited warranty on material and workmanship, starting from the original date of purchase. The electronic receipt is the client's proof of purchase and must be presented to confirm that the warranty is applicable, if the service is needed. This warranty will be honored in the country of purchase only.

LIMITED WARRANTY

This SPYPOINT warranty does not apply to the following:

- A** Consumable parts, including, but not limited to, the batteries; of which the performance is designed to decrease over the course of time;
- B** Damage caused by misuse, use with another product, neglect, accidents, liquid contact, fire, earthquakes, or any other external causes;
- C** SPYPOINT products that have been purchased online from an unauthorized dealer;
- D** Products that have been modified or tampered with;
- E** Cosmetic damage, including but not limited to, scratches and broken plastic;
- F** Damage caused by the use of the product outside of SPYPOINT's recommendations.

ONLY USE ORIGINAL SPARE PARTS AND ACCESSORIES.

If, one day, your device has been used so intensively that it has to be replaced, or if you no longer have any use for it, you are obliged to dispose of it at a recycling center.

Information on return points for your electrical devices can be obtained from your local waste disposal company or from your local administrative offices.

Electrical devices not only contain valuable recyclable raw materials, but also substances which, if disposed of improperly, can affect public health and the environment. Help ensure that valuable raw materials are recycled by returning your old device to a collection point.

The WEEE (Waste Electrical and Electronic Equipment Directive) symbol represents the obligation that the labeled camera be sent to a separate center for the proper recycling of electrical and electronic equipment.

REGULATIONS

SPYPOINT hereby declares that this product is in compliance with the essential requirements and other relevant provisions of Directive 2004/108/EC. The user can obtain a copy of the Declaration of Conformity by e-mail at info@spypoint.com.

**THIS DEVICE COMPLIES WITH PART 15
OF THE FCC RULES.**

Operation is subject to the following two conditions:

1. This device must not cause harmful interference.
2. This device must accept any interference received, including interference that may cause undesired operation.
