

Installation:

The unit installs for security, pls install it refer to the following diagram description:

1. pls make the unit in proper place, connect the unit refer to the diagram, and test it works well or not.

2. Pls wrapped the connection line with insulation tape to ensure complete wiring after testing well.

3. Pls bend the hook of metal 1, and insert the metal to instrument panel then fixed it.

4. Put the unit into metal hook unit it lock.

Warning

1. Only connect the unit to a DC 12V power supply with negative grounding.

2. Never install the unit where the operation for safety driving is restricted.

3. Never use the video display function in the front when driving to prevent the violation of laws regulation and also to reduce the risk of traffic accident except using for rear view video camera.

4. Never expose the unit, amplifier, speakers to moisture or water to prevent electronic sparks or fires.

5. Pls don't change the fuse in the power cord without professional guidance: improper fuse may cause damage to this using unit or even cause fire.

BLUETOOTH

SETTING

General Features

- 7" TFT HD Touch Screen BT/FM/TF/USB MP5 Rearview Camera
- 7 inch digital TFT Touch Screen
- With TF card Slot, With USB 2.0 port.
- 1080P Video Format
- Support the Audio playback format of MP3/WMA/WAV/MKV/FLAC/OGG/APE.
- Support the Video playback format of RM/RMVB/DVD(VOB)/VCD(DAT)/MP1/MP2/DIVX/XVID/MP4/H263/H264/FLV/3GP/SWF/AVI/ASF/MJPEG etc;
- MOSFET amplifier:60 watts x 4 max power output.
- FM Range:87.5MHz~108.00MHz(Europe)
- With Remote Control
- Power-off with auto-memory store function under radio or TF/USB mode
- Clock Function
- Mute Function
- BT Function
- Bass&Treble,L&R channel stabilizer
- Aux In Function
- Rearview camera Function
- Video input Function

Specification

SNR..... 65dB

Frequency response..... 20Hz-20KHz

Loudspeaker impedance..... 4Ω, 8Ω

The maximum output power..... 4*60W

Tone Control..... Bass+/-7dB(100Hz) Treble+/-7dB(100Hz)

FM Frequency..... 87.5MHz~108MHz

FM Selectivity..... 25dB

Separation..... 60dB

35dB

Wire Diagram

Preface:

In order to prevent injuries and fires, pls pay attention to the following instructions:

In order to prevent short circuit and so on, do not drop the metal objects in the device.

If there is smoke or peculiar smell the device, pls turn off the power at once.

Pls do not make the device falling or strong collision. In order to prevent device failure, pls observe the following note:

Pls do not install the device in the place of strong sunlight, high temperature, high humidity or dusty.

Pls replace the fuse which is the same specification. If you are using different specification of the fuse, may cause failure of the device.

In order to prevent short circuit, pls pull out the power wire when you replace the fuse.

In order to be able at any time to deal with road and traffic conditions change, pls lower the volume when driving.

Pls do not get the device wet when washing car, this may cause short circuit, then fire or other failure will be caused.

FCC Statement

This device complies with Part 15 of the FCC rules. Operation is subject to the following two conditions: 1) this device may not cause harmful interference, and 2) this device must accept any interference received, including interference that may cause undesired operation.

Note: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

Radiation Exposure Statement

This device complies with RF radiation exposure limits set forth for an uncontrolled environment. This transmitter must not be co-located or operating in conjunction with any other antenna or transmitter.
