

Induction Cooktop, 60cm, 4 Zones

Haier
Black Glass

A compact cooktop with precise, instant-response and energy efficient induction technology.

- Four zones with precise heat control
- Immediate heat response and rapid heating for busy lives
- Cool-to-touch for safety, not heating until cookware is placed on top
- Designed to pair with a Haier black or stainless steel wall oven

DIMENSIONS

Height 60 mm

Width 590 mm
Depth 520 mm

FEATURES & BENEFITS

Matching design

The sleek black aesthetic matches with the wider Haier family of appliances, pairing well with a stainless steel or black wall oven.

Rapid heating for busy lives

Your induction cooktop is instant-response and heats rapidly, with precision control and a boost function when you're in a hurry.

Your safety in mind

A 'cool to touch' induction surface only heats when a pot or pan is placed on the surface, making it safer for pets and curious little hands.

Energy efficiency

Your induction cooktop heats only when cookware is placed on top, conserving energy the moment it is removed.

Easy cleaning

Cleaning is easy thanks to a cooktop that stays cool around your cookware, preventing baked-on spills. A quick wipe after use will keep you cooktop looking as good as new.

Intuitive controls

With simple to use slide controls, and a child lock for safety.

SPECIFICATIONS

Controls
