PROGRAMS

The Programs section of the MESA home page lists your organization's involvement in ENERGY STAR programs. It includes details such as the program name, the ENERGY STAR branch that oversees the program, your organization's relationship with the program, and your organization's status with the program. An organization can be involved in one or more ENERGY STAR programs.

CONTACTS

The Contacts section of the MESA home page lists all contacts within your organization. Details are provided for each contact, such as the email address and phone number. Each of your organization's programs can have one or more contacts associated with it, and you can associate the same contact with one or more programs. To associate a contact with a program, you must assign a program role for the contact. See the following for instructions for this, as well as how to add a new contact, reassign an existing contact to a new program, and remove a contact from a program or from your organization altogether.
