

Jabra Engage 55 - USB-C UC Convertible

How do I manually change the voice guidance language on my Jabra Engage 55?

To change the voice guidance language, follow these steps.

1. When not on a call, press and hold (2 seconds) both **Volume** buttons on the headset to access the voice guided settings menu. The first available setting is for voice guidance language.
2. Press the **Volume** buttons to cycle through the available languages: English, German, French, Japanese, and Spanish.
3. Press the **Call** button to accept the preferred language.
4. Press and hold (2 seconds) both **Volume** buttons on the headset to exit the voice guided settings menu. The Jabra Link 400 will reboot and the new setting will be saved.
