and Patented Bag Holder

USER MANUAL

WARNING:

- For your own safety, please read and understand these warnings and keep this user guide for future reference.
- Always make sure the trolley is fully extended and locked before use. Always make sure the trolley is folded and locked properly before lifting or transporting.
- Do not run while using this product.
- Do not use accessories other than those designed for use with this trolley.
- Keep all packing materials away from children and recycle where possible or where required by law.

MAINTENANCE

- To clean the trolley, wipe with a soft, dry cloth.
- Car polish may be used to maintain finish.
- Lubricate moving parts every 6 months.

WARNING:

- Keep hands and fingers away from moving or sliding parts!
- Always keep control of the buggy - Do not let it run down hills without full control.

ASSEMBLY STEPS

Pull the handle up until you hear the cart 'Click' as in Fig.1

Press the button and insert the rear wheels as in Fig.2

Insert the front wheel as in Fig.3

Completely assembled trolley as Fig.4.

FOLDING STEP

Press the red button and fold the cart in the direction of the arrow as in Fig.5

Fig.6 shows the folded position

SWIVEL FRONT WHEEL SYSTEM

The front wheel can 360 swivel when the handle brake pull down as Fig.7, and the handle brake is pull up, the front wheel will run straight line.

USE THE BRAKE

Push on the brake pedal to stop the rear wheel and pull off to release as in Fig.8 and 9.

USING THE BASKET

Point 1, First step: Fixed the velcro strap on the connecting rod, upper the plastic. Check the two sides elastic strap the same length.

Point 2, Fixed the second velcro strap on the lower connecting rod, and only fix the velcro, so it can slide down and up when folding, do not fixed tightly, otherwise, it will affect folding the trolley.

Point 3 & 4, Fixed velcro strap on the 2 holes leg frame, then pull the elastic strap and click into Point 5 & 6 on the 2 holes leg frame.

Point 7 & 8, Click the elastic strap under the scorecard holder and check the elastic strap if the same.

FRONT WHEEL ADJUSTABLE SYSTEM

WHEN FACING THE CART:

If the cart veers to RIGHT:

Use the Allen wrench (as shown in Fig. 12) to lose the 2 screws (A) on the backside of the front wheel frame as shown in Fig. 13. Then adjust the front wheel to center position by turning the screw (B) counterclockwise as in Fig. 14. Tighten the 2 Screws (A) after the front wheel alignment is done.

If the cart veers to LEFT:

Use the Allen wrench (as shown in Fig. 12) to lose the 2 screws (A) on the backside of the front wheel frame as shown in Fig. 13. Then adjust the front wheel to center position by turning the screw (B) clockwise as in Fig. 14. Tighten the 2 Screws (A) after the front wheel alignment is done.
