Safety Information

- Consult a qualified electrician if you have any electrical questions.
- **NOTE:** This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

FCC Responsible Party Name: Bel Air Lighting
Address: 28104 Witherspoon Pkwy. Valencia, CA 91355
Telephone Number: 1-800-446-9092

CAUTION: Inspect the wire insulation for any cuts, abrasions, or exposed copper that may have resulted during shipping. If there is a defect in the wire, do not attempt installation. Please call our Customer Service Team at 1-800-986-3460.

WARNING: Before starting installation of this fixture or removal of a previous fixture, disconnect the power by turning off the circuit breaker or by removing the fuse at the fuse box.

Warranty

The manufacturer warrants this lighting fixture to be free from defects in materials and workmanship for a period of five (5) years from date of purchase. This warranty applies only to the original consumer purchaser and only to products used in normal use and service. If this product is found to be defective, the manufacturer's only obligation, and your exclusive remedy, is the repair or replacement of the product at the manufacturer's discretion, provided that the product has not been damaged through misuse, abuse, accident, modifications, alterations, neglect, or mishandling. This warranty shall not apply to any product that is found to have been improperly installed, set-up, or used in any way not in accordance with the instructions supplied with the product. This warranty shall not apply to a failure of the product as a result of an accident, misuse, abuse, negligence, alteration, faulty installation, or any other failure not relating to faulty material or workmanship. This warranty shall not apply to the finish on any portion of the product, such as surface and/or weathering, as this is considered normal wear and tear. The manufacturer does not warrant and specially disclaims any warranty, whether express or implied, of fitness for a particular purpose, other than the warranty contained herein. The manufacturer specifically disclaims any liability and shall not be liable for any consequential or incidental loss or damage, including but not limited to any labor / expense costs involved in the replacement or repair of said product.

Phillips screwdriver

Flat blade screwdriver

Pliers

Wire strippers

Silicone sealant

HARDWARE INCLUDED

NOTE: Hardware not shown to actual size.

AA

BB

CC

Part	Description	Quantity
AA	Mounting bracket	1
BB	Mounting screw	2
CC	Wire nut	3

Pre-Installation (continued)

PACKAGE CONTENTS

Part	Description	Quantity
A	Light fixture	1
B	Chain (w/ quick connector)	1
C	Canopy	1

Installation

1 Secure the light fixture

- Attach the mounting unit (AA) to the junction box (not included) with the mounting screws (BB) and remove the pre-installed screw collar ring.
- Place the canopy (C) over the pre-installed screw collar loop on the mounting unit (AA). Turn the screw collar ring until 1/2 of the screw collar loop threads are exposed.
- Secure the chain (B) to the screw collar loop on the mounting unit (AA) and the top loop of the light fixture (A). Lower the screw collar ring and canopy (C) over the chain (B).
- Weave the electrical wires, ground wires through the chain (B), canopy (C) and the center of the mounting unit (AA).

NOTE: Ensure the quick connector is fully closed when installing the chain.

2 Making the electrical connections

- Connect the copper wire from the light fixture (A) to the mounting unit (AA) by securing it with the preinstalled ground screw.
- Connect the black to black (power), the white to white (neutral) and copper wire to ground wire with the wire nuts (CC) and secure with electrical tape (not included).

NOTE: If the wires from the fixture are the same color, attach the smooth wire with H markings or letters to the black (positive) wire and the ribbed wire with N markings to the white (neutral) wire.

3 Securing the light fixture

- Place the canopy (C) over the pre-installed screw collar loop on the mounting unit (AA). Screw on the screw collar ring

CAUTION: To avoid any waterproofing problems, please make sure the light fixture fits the mounting surface perfectly during installation and use silicone sealant around the canopy for better sealing after installation.

Operation

1 Secure the light fixture

- ☐ Turn the light switch on to activate the fixture.
- ☐ If it is daylight, the fixture will not illuminate. To test the fixture, cover the photocell with electrical tape. Once you confirm the fixture illuminates, remove the electrical tape.
- ☐ If it is daylight, the fixture may not illuminate with the electrical tape over the photocell, as the photocell can be sensitive. Wait until nighttime to confirm the fixture illuminates.

NOTE: Position the photocell fixture so that the light from the any other fixture or any other light does not shine directly onto the “eye,” as this will interfere with the normal operation of the photocell fixture.

Care and Cleaning

- ☐ Clean the lamp with a soft, dry cloth.
- ☐ Do not use any cleaners with chemicals, solvents, or harsh abrasives.

Troubleshooting

Problem	Possible Cause	Possible Cause
The bulb will not light	The power is off.	Ensure the power supply is On.
	There is a faulty wire connection.	Check the wiring.
	The circuit breaker is off.	Ensure the circuit breaker is in the ON position.
The fuse blows or circuit breaker trips when the light is turned on.	There are crossed wires or the power wire is grounding out.	Check the wire connections. Contact a qualified electrician or call the Customer Service Team at 1-800-986-3460.
