01. Grab a tape measure.
02. Wrap it around each finger you'll wear and mark the place where it joins for each finger separately.
03. Lay your tape on a flat surface and check the measurement.
04. Choose the closest measurement in the chart to identify each ring size.

FULL FINGER RING HIGHT SIZING

Our standard size for single ring sizing is index finger 54, middle finger 55, ring finger 53 and pinkie 50.

With the height: index finger 7cm, middle finger 8cm, ring finger 7cm and pinkie 6 cm.

01. Grab a tape measure.

02. Wrap it around each finger you'll wear and mark the place where it joins on the three levels of each finger, the distal phalanges, intermediate phalanges and proximal phalanges.

03. Choose the closest measurement in the chart to identify your ring size.

04. Using the measuring tape, measure the height of your finger from the top till bottom.

ANKLET SIZING

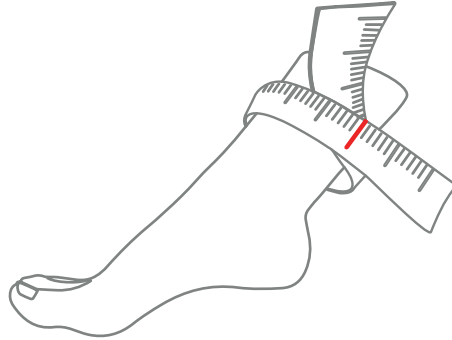

Our standard size for anklets is 22 cm.

01. Grab a tape measure.

02. Wrap it around the ankle you'll wear and mark the place where it joins.

03. Lay your tape on a flat surface and check the measurement.

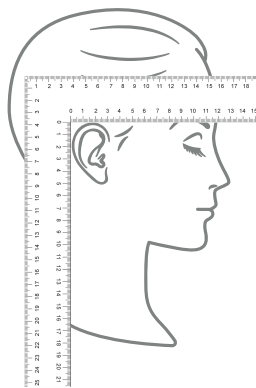

EAR CUFF SIZING

Our standard size for ear cuffs is length 6 cm and the width 3 cm.

01. Grab a tape measure.

Hold the Square tool so that one leg touches the back of your ear where it meets your head, and one leg rests on the top of your ear where it meets your head.

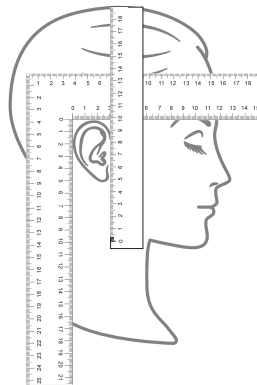

Stand straight and face forward. Have your associate help you adjust the Square tool so that the side leg is vertical and the top leg is horizontal to the floor.

02. Hold the Square tool yourself to keep it in position.

Have your associate hold the ruler vertically against your cheek with one edge touching the closest part of the cartilage of your ear. Be careful to keep the intersection between the ruler and the Square tool perpendicular (aka -90degree angle) as possible.

Use the pencil to mark the front-to-back measurement of your ear on the Square.

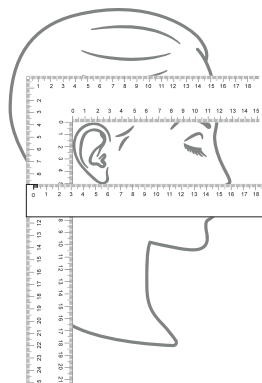

03. To measure the height of your ear, keep the Square in the same place.

Have your associate reposition the ruler so that it is horizontal, touching the bottom edge of where your ear meets your head. (For detached earlobes, tuck the ruler behind your earlobe.)

Mark on the Square the top-to-bottom measurement of your ear.

Record the height and width measurements and round up to the nearest millimeter.

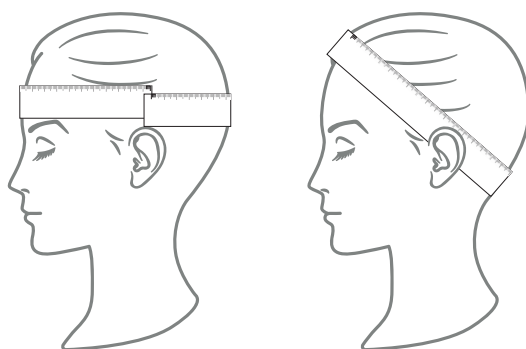

CROWN SIZING

Our standard size for crowns is 55 cm from front to nape.

01. Circumference

Measure all around the head by positioning the tape measure so its edge follows horizontally over the ear. Also, measure all around the head by positioning the tape measure so its edge follows the hair line around the head and nape of the neck.

02. Front to Nape

Measure from hairline at center of forehead straight back over crown to center of hairline at nape of neck.

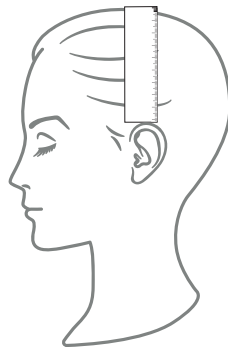

03. Ear to Ear across forehead

At front of ear, measure from hairline at base of sideburn, up across the hair line along forehead to same point in front of the other ear.

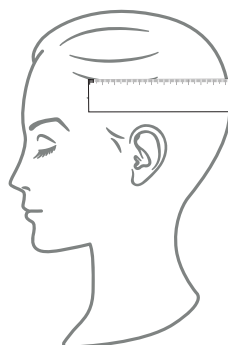

04. Ear to Ear over top

Measure from hairline directly above the ear across top of the head to the hairline directly above the other ear.

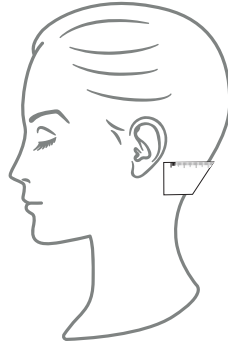

05. Temple to Temple round back

From temple to temple across the back of head.

06. Nape of Neck

Measure the width of hairline across the nape of the neck.
