Item Name: Crazy Cart Shift Lightshow

Product Title: Crazy Cart Shift Lightshow - Drifting Go-Kart for Kids by Razor, Multi-Color LED Lights, Power Core™ Hub Motor, Variable-Speed Foot Pedal Accelerator, Rechargeable Battery, Top Speed Control Switch

Feature Bullets:

- Colorful LED Lightshow – the multi-color LED lights embedded along both sides of the chassis and the rear caster wheels will illuminate when the cart is in motion
- Simplified Drift System – automatically engages rear end drifts so that riders can keep both hands on the wheel at all times while focusing on steering and throttle control – just like the professionals!
- Power Core™ Hub Motor – maintenance-free system that eliminates chains, sprockets, tensioners, and the upkeep that such parts require
- Variable-speed Foot Pedal Accelerator – provides full control of the Shift's speed, allowing drifting and driving to happen at any speed up to 8 mph (13 km/h) in the "HIGH" speed setting
- Top Speed Control Switch – allows parents to select the top speed they feel is appropriate for their child: 8 mph (13 km/h) in the default "HIGH" setting, or 2.5 mph (4 km/h) in the optional "LOW" setting
- Ready To Go – no assembly required and visibility flag included

Product Copy (Short):

The all-new Crazy Cart® Shift™ Lightshow from Razor delivers the intense fun and excitement of driving and drifting to kids as young as six (6) years old! It features a simplified drift system, a smaller and lighter frame tailored to the size of younger riders, and a Parent-controlled Top Speed Switch that lets you decide the right maximum speed for your child – 8 mph (13 km/h) in the "HIGH" setting or 2.5 mph (4 km/h) in the "LOW" setting. The Crazy Cart Shift Lightshow also has multi-colored LED lights along both sides of the chassis and embedded in the rear caster wheels. Drive, spin, and drift on a bed of light with the all-new Crazy Cart Shift Lightshow.

Product Copy (Extended):

With the all-new Crazy Cart® Shift™ Lightshow kids as young as six (6) years old can drive, spin, and drift on a bed of light! Designed to be fun for riders of all skill-levels, it starts as a fun spin session and grows into an unparalleled drifting experience as riders become more familiar with the controls. Its simplified drift system automatically engages so that riders can keep both hands on the wheel while focusing on steering and throttle control, just like the pro's!

The Crazy Cart® Shift™ Lightshow is powered by Razor's patented Power Core™ hub motor technology -- a maintenance-free drivetrain system that is both powerful and efficient. The frame is constructed of a high-impact polymer which makes the Cart durable and lightweight. The multi-color LED lights embedded along both sides of the chassis and the rear caster wheels will illuminate when the Cart is in motion. A hidden top speed control switch allows parents to select the appropriate maximum speed for their child: 2.5 mph (4 km/h) for beginners and younger riders or 8 mph (13 km/h) for the full experience. Crazy Cart Shift Lightshow delivers a one-of-a-kind drifting experience tailored to younger kids!

Subheading 1:

The Ultimate Drifting Go Kart for younger kids!

Description 1:

Its simplified drift system allows riders to keep both hands on the steering wheel at all times, controlling their drifts through a balance of throttle control and counter steering, just like the pro's!

Subheading 2:

Adults Choose Top Speed!

Description 2:

A hidden top speed control switch allows you to choose the right maximum speed for your child: 8 mph (13 km/h) in the "HIGH" setting or 2.5 mph (4 km/h) in the "LOW" setting.

Subheading 3:

Colorful LED Lightshow

Description 3:

The multi-color LED lights embedded along both sides of the chassis and in the rear caster wheels illuminate when the Cart is switched on and in motion.

Subheading 4:

High Performance and Maintenance-Free

Description 4:

Crazy Cart® Shift™ Lightshow is powered by Razor's patented Power Core™ hub motor technology -- a maintenance-free drivetrain system that is both powerful and efficient. The rechargeable 12-volt sealed lead-acid battery provides up to 40 minutes of continuous use in the "High" setting and the 1:1 steering ratio delivers the ultimate steering responsiveness for performance driving.
