Product Overview

This adapter allows EVs that have a J1772 charge port to charge at any Level 1 & Level 2 Tesla Charging Station.

Nacs Plug - NACS

J1772 Plug

This adapter is designed to be durable and compact, making it easy to travel with and charge conveniently on-the-go.

Installation

First, plug the Nacs/Tesla to J1772 adapter into the charging station. Next, follow the directions on the charger screen. Then, plug the connector into your charge port until it clicks firmly into place.

The Nacs/Tesla To J1772 adapter allows you to charge any EV (Hyundai, Ford, KIA, Polestar, VinFast, Lexus, Toyota, etc.) at public Tesla charging stations (except for Superchargers).

Note

When the adapter socket end is inserted into the Tesla charging plug, it can realize the interchange charging between the US standard AC charging plug and the Nacs charging plug.
