

How to Connect the Pressure Washer Gun---If you are not sure the size of your pressure washer hose, please contact us for help.

*Mode 1: If hose has M22 14mm fitting with 14mm inside diameter, please connect to hose directly.*

*(Please make sure your pressure washer hose is Metric M22 female thread fitting.)*

*Mode 2: If hose has M22 15mm fitting with 15mm inside diameter, please connect the brass coupler to gun and hose. Please use Teflon tape on the male thread end on the coupler attached.*

*(Please make sure your pressure washer hose is Metric M22 female thread fitting.)*

*Mode 3: If pressure washer hose end is 3/8 inch female quick connector, you need M22-14mm male to 3/8 inch female adapter to fit. You can buy it in our store on amazon.*

*(The adapter is Not included in the package.)*

*Tool Daily Pressure Washer Adapter Set, Quick Connect Kit, M22 14mm Swivel to M22 Metric Fitting, 5000 PSI).*
