IFIX-750 Software Update -- Via USB

Step1. Go to <http://www.autektools.com/support/download> to download the update client “IFIX-Series Update Client V10.0”.

The screenshot shows the BossComm Download Center website. The header is black with the BossComm logo and navigation links: ABOUT US, PRODUCTS, DOWNLOAD, NEWS, CONTACT US, and REGISTRATION. The main content area is white and features a welcome message: "Welcome to BossComm Download Center" and "You can get latest software and Brochure". Below this are two dropdown menus: "Select Product" with "AUTEK IFIX-969 DIAGNOSTIC SCANNER" selected, and "Select Model" with "Handheld Auto Scanner > IFIX-969" selected. A large grey banner below the dropdowns reads "AUTEK IFIX-969 DIAGNOSTIC SCANNER Download". Underneath the banner, there are two columns: "Brochure" with a link to "AUTEK IFIX 5in1 Catalogue" dated 2019.04.26, and "Software" with a link to "AUTEK IFIX-969 Update Client V10.0" dated 2022.01.13. At the bottom right, there is a Windows activation watermark.
