MINERAL-BASED COMPOSITE DECKING

Voyage, Vault and Frontier decking are a giant leap forward in wood-alternative decking. Made with patented Eovations™ technology that delivers the industry's best strength-to-weight ratio and has virtually no thermal expansion or contraction.

Nearly **35% lighter than traditional composites** and similar in weight to PVC

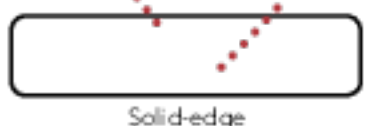

Warranted for installation in or in contact with the ground or water

Grooved-edge

Absorbs virtually no moisture with a **durable polymer cap stock** that won't stain or fade

Decking Profiles
7/8" x 5-1/2"

Solid-edge

Available special order in 16" and 20" solid-edge and 12", 16" and 20" grooved-edge profiles - 12" fascia also available

Deco~~r~~ators® Voyage™ provides 34% or greater surface traction than other leading brands of composite decking*

VOYAGE DECKING

Features distressed embossing for enhanced traction with vertical grain variegation.

*Capped composite decking boards tested by an independent third party lab in wet conditions under the ASTM D 5456-2013 standard; decking boards were tested on 9/24/18-9/25/18.

VAULT DECKING

Features a flat grain, tropical variegated appearance.
