Product Parameter

Model	JR-WQM03
Name	Magnetic Wireless Charger
Material	ABS+ PC fireproof material
Input	5V $\Rightarrow$ 3A 9V $\Rightarrow$ 2A 12V $\Rightarrow$ 1.8A
Wireless Output	5W/7.5W/10W/15W
Size	58.16*8.4mm
Net Weight	60g

Packing list

Wireless Charger *1, User Manual *1

Product introduction

The product is a magnetic wireless charger that can charge iP phone mag-safe series wirelessly. Its unique hollow shape and separated PCBA design can effectively improve heat dissipation. It comes with a 2-to-1 fast charging cord, so that you can choose fast chargers more freely. The braided cord is super flexible and supports repeated bending. The product is also designed with multiple protections for safer charging, including over-current protection, over-voltage protection, short-circuit protection, over-temperature protection, anti-interference protection, and more.

FCC Warning Statement

Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment. This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications.

However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

-- Reorient or relocate the receiving antenna.

-- Increase the separation between the equipment and receiver.

-- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.

-- Consult the dealer or an experienced radio/TV technician for help.

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference; and (2) this device must accept any interference received, including interference that may cause undesired operation.

This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment. This equipment should be installed and operated with minimum distance 20cm between the radiator & your body.
