MANUAL DE USUARIO | USER MANUAL | MANUAL DO USUÁRIO

party
SPEAKER
MD-PB360

- 1 To assure the finest performance, please read this manual carefully. Keep it in a safe place for future reference.
- 2 Install this sound system in a well ventilated, cool, dry, clean place - away from direct sunlight, heat sources, vibration, dust, moisture, and/or cold. For proper ventilation, allow the following minimum clearances around this unit.
Top: 10 cm (4 inch)
Rear: 10 cm (4 inch)
Sides: 10 cm (4 inch)
- 3 Locate this unit away from other electrical appliances, motors, or transformers to avoid humming sounds.
- 4 Do not expose this unit to sudden temperature changes from cold to hot. Do not locate this unit in an environment with high humidity (i.e. a room with a humidifier) to prevent condensation inside this unit, which may cause an electrical shock, fire, damage to this unit, and/or personal injury.
- 5 Avoid installing this unit where foreign objects may fall into this unit and/or this unit may be exposed to liquid dripping or splashing.
Never place objects on top of this unit as they may cause damage to the unit or discolour it.
Never place candles, lit objects or containers with liquids such as vases on the unit, as doing so is extremely hazardous, may cause personal injury and/or major damage to the unit.
- 6 Do not cover this unit with a newspaper, tablecloth, curtain, etc. in order not to obstruct heat radiation. If the temperature inside this unit rises, it may cause fire, damage to this unit, and/or personal injury.
- 7 Do not plug this unit into a wall outlet until all connections are complete.
- 8 Do not operate this unit upside down as it may overheat and cause damage.
- 9 Do not use force on switches, knobs and/or cords.
- 10 When disconnecting the power cable from the wall outlet, grasp the plug; do not pull the cable.
- 11 Do not clean this unit with chemical solvents as these may damage the finish. Use a clean, dry cloth.
- 12 Only the voltage specified on this unit may be used. Using this unit with a higher voltage than specified is dangerous and may cause fire, damage to this unit and/or personal injury. We will not assume any liability for damage resulting from use of this unit with a voltage other than specified.
- 13 To prevent damage by lightning, keep the power cable and outdoor antennas disconnected from a wall outlet or this unit during a lightning storm.
- 14 **CAUTION: NEVER** attempt to open this unit to modify, fix or repair this unit! Refer all service, repairs and maintenance to an authorised service centre.
- 15 When not planning to use this unit for long periods of time, disconnect the AC power plug from the wall outlet.
- 16 Before moving this unit, disconnect the AC power plug from the wall outlet.
- 17 Condensation may form when the surrounding temperature changes suddenly. Disconnect the power cable from the outlet and leave the unit alone until the condensation has fully dried up.
- 18 When using this unit for a long time, this unit may become warm. Turn the power off, then leave this unit to cool. .
- 19 Install this unit near the AC outlet, where the AC power plug can be reached easily.
- 20 The batteries must not be exposed to excessive heat such as sunshine, fire or the like. When you dispose of batteries, follow your regional regulations.
- 21 Excessive sound pressure from earphones and headphones can cause hearing loss.
22. This product is not intended for use by persons (including children) with reduced physical, sensory or mental capabilities, or lack of experience and knowledge, unless they have been given supervision or instruction concerning use of the product by a person responsible for their safety. Children must be supervised to ensure that they do not play with the product.
23. This product is not intended to be operated by means of an external timer or separate remote control system.
