4. Do not disassemble adaptor. Disassembly may result in a risk of electric shock or fire.

FCC Verification User Manual

FEDERAL COMMUNICATIONS COMMISSION (FCC) STATEMENT

FCC Caution.

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation. Any Changes or modifications not expressly approved by the party responsible for compliance could void the users authority to operate the equipment.

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications.

However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:
-Reorient or relocate the receiving antenna.
-Increase the separation between the equipment and receiver.
-Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
-Consult the dealer or an experienced radio/TV technician for help.

Verificación FCC Manual del usuario

COMISIÓN FEDERAL DE COMUNICACIONES (FCC,POR SUS SIGLAS ENINGLÉS)DECLARACIÓN

Precaución de la FCC

Este dispositivo cumple con la sección 15 de las normas de la FCC. El funcionamiento está sujeto a las siguientes condiciones: (1) este dispositivo no causa interferencias dañinas. (2) este dispositivo aceptará cualquier interferencia recibida, incluyendo las interferencias que pueden causar un funcionamiento no deseado. Aviso: Los cambios o modificaciones realizados en esta unidad que no estén aprobados expresamente por la parte responsable del cumplimiento podrían anular la autoridad del usuario para utilizar el equipo.

NOTA: Este equipamiento ha sido comprobado y se considera que cumple con los límites para un dispositivo digital de clase B, según la parte 15 de las Normas FCC. Estos límites se establecen para proporcionar una protección razonable contra interferencias nocivas en una instalación residencial. Este equipo genera, utiliza y puede irradiar energía de radiofrecuencia y, si no se instala y utiliza de acuerdo con las instrucciones, podrá causar interferencias nocivas en las comunicaciones de radio.

No obstante, no existe garantía alguna de que no ocurran interferencias en una instalación en particular. Si este equipo causa interferencias perjudiciales para la recepción de radio o televisión, lo que puede determinarse encendido y apagando el equipo, se recomienda al usuario que intente corregir la interferencia mediante una o más de las siguientes medidas:
-Vuelva a orientar o a colocar la antena de recepción.
-Aumente la distancia entre el equipo y el receptor.
-Conecte el equipo en una base de enchufe de un circuito diferente al que está conectado el receptor.
-Si necesita ayuda consulte al distribuidor o a un técnico de radio/TV.
