

HAYLOU X1 Neo
True Wireless Earbuds
User Manual

Overview

How to Wear

How to Charge

For first time use, please remove the isolation film on the charging contacts of both earbuds. Then fully charge the charging case and earbuds.

Power-on

Take the earbuds out from the charging case, they will automatically power on.

How to Pair

Automatic connection: Take two earbuds out from the charging case simultaneously, they will enter pairing state when LEDs on both earbuds flash white quickly.

Open device Bluetooth and search for "Haylou X1 Neo", then click it to connect. Put the earbuds back into the charging case and repeat the above operation if the connection fails. After the first connection, the earbuds can be automatically connected to the last paired device when powering on (Bluetooth needs to be turned on).

Switch between mono and stereo mode: It is stereo mode after two earbuds are successfully connected. Put one back into the case to power off, the other will enter mono mode. Or pick it up again to resume stereo mode.

Manual connection: When LEDs on both earbuds flash white quickly, turn on device Bluetooth to connect.

Functions

Restore Factory Settings

1. The earbuds are outside the charging case, powered on and not connected to the device;
2. Quickly click both earbuds for three times at the same time, then press and hold for 3s, they will power off after LEDs flash solid white for 1s;
3. After resetting, put the earbuds into the charging case and close the lid, then open the lid and take them out again;
4. Follow the pairing steps to complete Bluetooth connection.

Audio only Outputs from Single Earbud
It's unusual indeed, please refer to the following operation steps if the situation occurs:
1. Put the earbuds back into the charging case, and then take them out again to connect.
2. Refer to the reset steps to reconnect the Bluetooth device.

Other Charging Problems

1. The white LED goes out when the earbuds are fully charged.
2. When the charging case is out of power, the earbuds cannot be charged and keep the original connecting status.
3. LED flashes solid white when the charging case is fully charged.
