

IMPORTANT SAFETY INSTRUCTIONS

INSTRUCTIONS PERTAINING TO THE RISK OF INJURY TO PERSONS:

INSTRUCTIONS PERTAINING TO THE RISK OF INJURY TO PERSONS:

To reduce the risk of INJURY TO PERSONS:

1. Do not look directly at lighted bulb.
2. Keep lamp away from materials that may burn.
3. Do not remain in light if skin feels warm.
4. This lamp is operated by Lithium in the base. Please note:
 - a. DO NOT disassemble this lamp base.
 - b. DO NOT use this lamp near a fire or flame.

ASSEMBLY INSTRUCTIONS:

1. Lay out all parts on a smooth surface as shown in the illustration.
2. Screw the tube (B) into the base (C) and tighten.
3. Screw the shade (A) into the tube (B) and tighten.
4. Touch the top of the lamp shade to turn on/off. Touch and hold to adjust the brightness.

CHARGING LAMP:

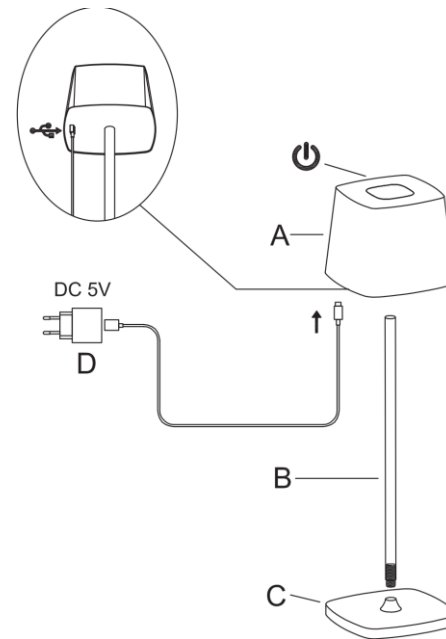

1. USB cable is included. Charge using any USB charging port. Power input: DC 5V 1000mA (adapter block not included).
2. Charge time approximately 6-7 hours. Lasting time approximately 10-12 hours.
3. The LED indicator light in the shade is red while lamp is charging.
4. The LED indicator light in the shade is blue when lamp is fully charged.

MAINTENANCE:

1. To clean, use a soft cloth.
2. Do not use any chemical or abrasive cleaners.

CAUTIONS:

1. Do not over charge this lamp. It may damage the battery.
2. When the light is low, it is best to turn light off and charge. Do not use while charging a low battery. This helps protect the life of the battery.
3. Be sure lamp receives a charge at least once per month to keep lithium battery active.
4. The battery of this lamp is not replaceable.

NOTE:

This lamp uses specially formulated LEDs that simulate the characteristics of the sun. The light will appear brighter and whiter compared to a normal incandescent bulb and will provide many of the benefits of natural sunlight. In addition, these LEDs are energy efficient and eco-friendly. They are not replaceable.
